SERVING, LEADING AND IMPACTING THE COMMUNITY *365 days a year!*

Small businesses are the backbone of this community, but it's hard to say "yes" to every donation and charity request that comes through our doors. By joining us in Small Business United 365, you will have the conduit for giving to causes and organizations that align with your mission, opportunities to volunteer and a network of support from your peers.

Backed by the United Way, our group of small businesses collaborate to make a collective impact on the needs of the community by pooling resources and maximizing the results. Be part of the Founding Fifty and align yourselves with like-minded business leaders who are laying the foundations to educate, evaluate, and make a collective impact!

Here's how your business can benefit from being a part of Small Business United 365...
