

# United Way of Central Minnesota VOLUNTEER ACTION CENTER

Sponsored by  **LEIGHTON INTERACTIVE**  
DEMAND RESULTS.

Volunteers are a crucial part of the United Way of Central Minnesota's mission to improve the health, safety, education, and financial stability of families in need.

Dedicated volunteers provide thousands of hours of service through the Volunteer Action Center, to our partner agencies, and other local nonprofits to create lasting change in the community.

The mission of the Volunteer Action Center is to inspire, empower, and enable residents and businesses to respond creatively and effectively to community needs through volunteering. We do this by working with local nonprofits to identify their volunteering needs, then recruiting volunteers to fill those needs.

**BECAUSE CHANGE DOESN'T HAPPEN ALONE.  
TO LIVE BETTER WE MUST LIVE UNITED.**
