- Affordable financing
- One page application up to \$250,000*
- Credit decisions in as little as 2 hours
- Finance and lease agreements
- Simple documentation

It's that easy!

Cash vs. Financing Comparison

When clients pay with cash, they may be depleting cash reserves that could negatively impact their business. Here are the top three advantages of financing when acquiring PWM products:

	CASH	VS.	FINANCING
Cash Flow	Cash purchases decrease liquid assets.		No upfront costs & deferred payments mean no large cash outlay.
Credit Line	Depleting cash may affect credit worthiness.		A finance agreement should not affect your line of credit.
Soft Costs	Tax, shipping, installation costs can erode cash.		Financing all costs (100% financing) avoids out of pocket expenses.

* Financing based on credit approval. Some restrictions apply.
