SCROLLING ROLLER-BLIND SIGNS

PWM's Scrolling Roller-Blind signs allow fuel retailers to completely customize their signs' colors and fonts while still changing prices quickly. A specially developed vinyl eliminates any static electricity while an infrared light barrier guarantees perfect digit alignment.

Scrolling Roller-Blind signs are the perfect technology for implementing individual design ideas or Corporate Identity.

- Fully customized fonts and colors
- Crisp, clean presentation of fuel prices
- Modular design for quick and easy access
- Digits heights from 6.69-23.62 inches
- Long lifespan
