

# Oracle Analytics Cloud (OAC) with Analytics Cloud Enablement (ACE)

## KEY FEATURES

- **Guided Learning:** With a consultant who has traveled the road before, you can be confident that you are not only learning a new system but implementing it in a way that preserves your ability to change it in the future.
- **Quick Start** from nothing to full dashboards in 10 business days!
- **Timely** information displayed in visualizations using real-time data.
- **Training:** the tool isn't difficult to use in the first place, but we want ensure you have what you need to be able to get the most from your investment.

## KEY BENEFITS

- **Visibility:** ACE guarantees visibility of your data within ten business days so that you can make informative business decisions.
- **Fast:** 10 business days to delivered business value. We bet you've never seen an analytics project like this.
- **Flexible:** Everything that goes into your model, the data, the analysis, even the dashboards, is adaptable! Once your data is in OAC/ADW, you are ready to modify, augment, or expand your analyses and dashboards.
- **Mash-up friendly:** Have a dataset somewhere else? Perhaps on another cloud or in a database where it's not feasible to get the data into ADW? How about in a spreadsheet? It's all supported natively, and super easy to gain insights from that data as well!

Analytics-driven projects are typically some of the most high-risk, high-reward endeavors a business considers. As a result, when you look at a new approach to analytics, you likely have a healthy dose of skepticism. Our goal at Astute Business Solutions is to show you how Oracle's latest analytics product, Oracle Analytics Cloud (OAC), delivers rapid business value. OAC, combined with Astute's Analytics Cloud Enablement program, makes it easier than ever to execute a smooth transition so you can focus on your business needs.

## KEY DELIVERABLES

A 2-week jump-start implementation which includes:

- OAC/ADW tenancy on Oracle Cloud
- Connectivity from your corporate network to Oracle Cloud
- Connection to two (2) data sources
- Astute build and delivery of visualizations and assembly of one dashboard
- Assistance creating (additional) visualizations for the assembly of one (extra) dashboard
- Two (2) days of OAC training

## GETTING STARTED

- Set up a free 30-minute call with Astute to discuss your aspirations at a high-level. If there is a mutual fit, we can discuss the next steps.
- Execute the ACE contract to obtain your OAC/ADW tenancy, and schedule your ten (10) business day enablement engagement.
- Gather insights from your data that you've never seen before. It will be the fastest and most successful analytics project you've ever experience.

## RELATED SERVICES AND SOLUTIONS

- **Migration to OCI:** Move your workloads to Oracle Cloud Infrastructure.
- **Cloud Managed Services:** Are you ready to free up your team so that they can work on the things that add business value? Astute's Managed Services are available for infrastructure, database, application, and security.
- **Disaster Recovery as a Service:** Whether you are looking for a single virtual machine, an application, or an entire data-center, we have the right disaster recovery solution for you. Disaster Recovery technology has changed quite a bit in the last few years, and we're confident that our services on Oracle Cloud Infrastructure will not only save you money but gives you peace of mind.

## WHY ASTUTE BUSINESS SOLUTIONS?

- **Premier Oracle Cloud Business Partner**
- **Leading Expertise:** Experts that provide thought leadership for OAC and other Oracle Solutions.
- **Broad Coverage:** end-to-end lifecycle services for the migration to Oracle Cloud and other cloud-enabled service offerings.
- **Unified Methodology:** Based on industry standards, high-quality results across complex projects.
- **Flexible Delivery:** Onsite, offsite, offshore - we'll do what works best for you and your budget.
