VETADVISOR CAN HELP!

Do I Qualify?

If you are employed by HPE and a Veteran from any branch of the military, or live with a Veteran in your household, you and your household (over the age of 14) qualify for VetAdvisor services. HPE provides this benefit to you at no additional cost.

How do I sign up?

Visit myvetadvisor.com/hpe to complete a short survey after which a VetAdvisor care coordinator will contact you to begin enrollment for yourself and other members of your household. After enrollment is complete, you will receive a \$20 Amazon gift card as a welcome gift!

How long does this last?

Care coordination plans typically last between 3-6 months with annual follow-up, or can be customized to fit your need. You can add, change, or cancel services at any time with no fee.
