

Process for returning medications back to inventory stock:

Once bags have been removed from WCB by FIS, all return to stock medications need to be given to a technician for completion. The medications **MUST** be returned to stock the same day.

1. Quick Search patient's Rx profile
2. Select the Rx number you are returning
3. Select Edit
 - a. If new Rx, Ctrl H
 - b. If refill, Ctrl delete
4. Return to the Rx profile to confirm prescription has been returned
