- › Located at Sentosa Cable Car Station Gift Shop

## FUN Shops / Cable Car Gift Shops

- › Bring home exclusive souvenirs e.g. cable car themed merchandise
- › 5 FUN Shops within Sentosa and Cable car stations

# Our Sustainability Framework

## Environmental Stewardship

- i. Deploy renewable source of energy**
- ii. Carbon neutral attractions and Green certified MICE
- iii. Energy efficiency and environmental sustainability for GHG emissions reduction

- iv. Sustainable mobility
- v. Improve water efficiency and reduce waste

## Thriving Communities

- i. Practice inclusiveness and community giving
- ii. Increase local & sustainable food and reduce food waste
- iii. Support local/regional sustainable initiatives

**CARBON NEUTRAL BY 2030**

**Environmental stewardship**

**Thriving Communities**

**Responsible business**

## Responsible Business

- i. Fostering a culture of sustainability in day-to-day operations
- ii. Green procurement policies
- iii. Communicate sustainable goals and actions

# Our Carbon footprint

- Majority of our **emissions** are from **electricity** (Scope 2)
- **Emission-free electricity** from renewable sources will be **a major source of decarbonization** and contribute to our eventual goal of **carbon neutrality by 2030**

Good  
Old Days

## Maximising Solar initiatives -

- Ongoing discussions with vendors **for solar panels** implementation
- Ongoing discussions with vendors **for BIPV** implementation for facades
- Exploring **collaboration with IHLs**, Research institutes.

Roof-top solar panels\*

## Seeking innovation to bridge the gap –

- Setting up **challenge statement** in the **STA Cohort 5** for innovative solutions for alternate **emission-free energy generation** solutions

Building integrated photo-voltaic\*

# Our Challenge Statement

## Emission-free electricity generation to power operations of attractions and F&B

### Background

- To explore **innovative solutions** to reduce our **carbon footprint**
- Focus on **alternate energy generation** solutions as **~80% of our carbon footprint is electricity**

### Pilot Requirements

- **Emission-free** energy generation solutions
- **Innovative**, capitalizing on our **location**
- Demonstrate **circular economy** concepts (optional)
- **3-6 months pilot** and generate **1% of our energy** needs
- **Scalable** to generate **10-20% of our energy** needs in the long term

### Some examples:

[Wind Tree](#)

[Pavegen](#)

Challenge  
statement  
launch in Nov

Pilot duration:  
Jan 2022 – Jun  
2022

**Thank you**

A large, stylized graphic of a mountain range in shades of green, located in the bottom right corner of the slide. It consists of several overlapping, rounded peaks and valleys, creating a sense of depth and movement.
