## Meet water quality objectives and regulations with Enviropod LittaTrap™

The patented, modular inlet filter is designed to capture 100% of plastic, trash and gross solids over 5mm. Backed by an eight year warranty, the Enviropod LittaTrap™ ensures long term performance and reliability.

» **EASY INSTALLATION** with fewer parts and a lighter frame, the installation process is quicker and saves you time on site

» **FLEXIBILITY** The flexible design allows the system to be easily adjusted to fit any catch basin configurations

» **SEAL AND ADAPTOR KITS** for irregular sized and manhole catchbasins

» **HAND MAINTENANCE**  
The LittaTrap™ can be maintained quickly and easily by hand or by vacuum truck

» **THIRD PARTY TESTED** and hydraulically engineered

» **LIGHTWEIGHT & DURABLE**  
The lightweight yet durable design of the LittaTrap™ is a safer and a longer lasting product than the alternatives

» **MANHOLE AND GRATE INLET**  
Multiple Configurations available, contact us to start your project today

## EASY MAINTENANCE

Maintenance is a simple process that requires no confined space entry. Maintenance can be quickly undertaken using a vacuum truck or it can be maintained manually by hand.

### 1 Lift

Lift the LittaTrap™ out of the catch basin using the LIFT handles.

### 2 Tip

Tip the contents out of LittaTrap™ into suitable receptacle for contents.

### 3 Reuse

Reuse the LittaTrap™ by placing securely back into the surrounding frame and seal, and close grate.

## INSTALLATION - CURB INLET AND GRATE INLET
