## The BioFit Advantage

**Our Customer:** A major international eyewear designer, manufacturer and distributor maintains (USA) quality control system laboratories in its Georgia operation. An interior lab is a clean room where lenses are made; assembly of the eyewear occurs in exterior labs. The lab technicians sit for over six hours a day, leaving their chairs for only short breaks. The customer stresses the use of technology solutions that improve workplace health, safety and ergonomics.

**The Challenge:** Specifically, the firm needed a highly ergonomic, clean room chair that would help the technicians maintain an ideal posture and reduce the potential for musculoskeletal disorders (MSDs). MSDs are more likely to occur when chairs with limited ergonomic benefits are used. Nationally, the direct costs attributable to MSDs are estimated to be \$15 to \$20 billion per year, with total annual costs reaching \$45 to \$54 billion.<sup>1</sup>

**The Advantages:** By the Numbers

**1** – The BioFit MVMT ergonomic chair has 13 points of adjustment to assist the user in gaining a protective posture for long periods of time.

**2** – MVMT seating is engineered for task-specific range of motion and 24/7/365 day use.

**3** – The chosen MVMT chair meets ISO class 3 through 8 clean room requirements.

The BioFit MVMT ergonomic seating is helping the customer save money by reducing MSD problems and increasing productivity. BioFit installed 240 MVMT chairs to meet the customer's requirements.

## BioFit Customer Advantage

BioFit's focus every day is to improve the workplace experience through ergonomic performance, comfort, style and reliability.

**Leading the Industry in Technical Seating—Your ergonomics seating solutions source:** Identified by a majority of the top 50 experts in the ESD and clean room industry as the source for technically superior seating solutions.

**Product Advantages—Lowers cost of ownership:** Nearly all BioFit products are warranted to the original purchaser against mechanical or structural failure due to defective material or workmanship for 13 years of normal, multi-shift use. Pneumatic cylinders are covered for the functional lifetime of the chair or stool.

**Supply Chain—Higher customer satisfaction:** No-surprise delivered prices – ground freight to lower 48 states included on all orders over \$3,500 list pricing.

**Value-added Services—Assure you get the seating solution you need:** Due to the modular construction of our products, users can use the Build Your Own Chair seating configurator to create, request a quote and order seating for their unique requirements, right from their smartphone. Plus, BioFit offers a 30-day “try before you buy” sample program, allowing customers to field-test seating at their location.

**More Than Seating—BioFit Tables & Carts:** BioFit manufactures a full line of mobile folding tables, cafeteria tables and multipurpose carts.
