Lenox Lockers

Practical. Durable. Preferred. With exclusive, patented features you can't find anywhere else, Lenox Lockers are the preferred specification in locker rooms all over the country.

The Lenox Locker Advantage cannot be found anywhere else!

- 1 Most secure locking/latch system available: patented continuous slide latch made of $\frac{1}{2}$ " (127mm) thick High-Density Polyethylene (HDPE) secures the entire length of the door
- 2 Patented integral box provides strength: top and bottom are welded to frame; door and frame assembly is welded to box
- 3 Optional slope top helps prevent items being stacked on top
- 4 Heavy-duty stainless steel piano hinge is more durable and longer lasting than aluminum or plastic
- 5 Ergonomically-designed handle with concealed metal hasp
- 6 Multiple locking mechanism options offer great variety
- 7 Fully-assembled product for fast, easy installation
- 8 Made from a minimum of 30% pre-consumer recycled content

Need more space?

Lenox Gear Locker and XL-Locker styles are Bradley's latest additions to the Lenox family of lockers. Gear Lockers are wider and deeper than standard lockers, and have plenty of secure storage space to accommodate all types of bulky equipment and other gear. XL-Lockers are extra deep for up to 30% more space than standard lockers.

Gear Locker

Secure Your Gear! Extra width & depth — Perfect for bulky items

- Ship fully assembled for quick, easy installation
- Soft-down stay slow close hinge on storage bin — no slamming or pinched fingers

Cubby Bench

Convenient seating and easy-access storage.

Cubby Locker

Easy-access, durable cubby lockers are perfect for items that do not require locked storage.

(Three cubby lockers pictured.)

Locker Bench

Convenient seating and storage with hasp lock.

Pedestal Bench

Locker room benches complete the long line of solid plastic products for your restroom and locker room applications.

Visit bradleycorp.com for technical information about Bradley's entire line of Lenox Lockers!

Metal lockers don't stand a chance.

Quick installation and low maintenance costs can add up to a 50% life cycle cost savings with patented Lenox Lockers.

Cost Savings with Lenox Lockers

Over time, metal lockers can become dented and rusted like the tired looking example at right. Maintaining 50 metal lockers for 20 years with four paint jobs and two door replacements per locker could cost \$31,000!

Plastic lockers may require an additional investment up front, but significant savings on repairs and maintenance will make up the difference over Lenox Lockers' 20-year life cycle.

20-year life cycle	metal lockers	lenox lockers
Paint 4 times @ \$100* per locker	\$20,000	\$0
Replace doors 2 times @ \$110* per locker	\$11,000	\$0
Cost to maintain 50 Lockers	\$31,000	\$0

*Estimated cost

20-Year warranty

Never paint a locker again! You get maintenance-free lockers that still look new after years of use. Even spray paint and magic markers are easily removed with standard cleaning products. All plastic locker parts and components carry a 20-year warranty against rust, corrosion, denting and delaminating under normal use. Normal use definition: Lockers installed in a climate-controlled environment, away from direct sunlight.

HDPE Solid Plastic

Unlike metal, Lenox Lockers are constructed from corrosion-proof, high-density polyethylene (HDPE) material that won't rust or dent.

- More resistant to scratches & easier to repair than metal
- GREENGUARD certified as a low emitting material
- 100% post-consumer HDPE recycled material available in two colors

Pedestal Benches & Locker Benches available in select colors – see color options on bradleycorp.com

Due to printing variances, the actual material color may differ. Contact your local Bradley Representative for samples.
