

# AUTOMOTIVE STORAGE SOLUTIONS

WIRE SECURITY CAGES & LOCKERS • MODULAR DRAWERS & SHELVING  
WORKBENCHES & TOOL CARTS • MEZZANINES • HIGH DENSITY MOBILE SHELVING  
VERTICAL TIRE & PARTS CAROUSELS • VERTICAL LIFT MACHINES

# INCREASE PRODUCTIVITY, EFFICIENCY & STORAGE.

## MODULAR DRAWERS & SHELVING

### INCREASE PARTS STORAGE BY 70%

- Improve productivity and increase picking rate by 25%
- Sturdy construction with lifetime warranty
- 400 lb drawer capacity
- Drawers can be retro-fitted to existing shelving

## MEZZANINES

### BUILD UP NOT OUT! TURN OVERHEAD AIR INTO STORAGE, OFFICE OR PRODUCTION SPACE

- Lowers construction costs by 3x over new construction
- Rated for specific seismic code regulations
- Stairs and handrails for easy access
- Freestanding or structural

## VERTICAL TIRE CAROUSELS

### STORE UP TO 352 TIRES IN A SINGLE CAROUSEL, WITH EVERY TIRE ACCESSIBLE AT THE TOUCH OF A BUTTON

- Go vertical to save up to 70% of your floor space
- Ergonomic design reduces work-related injuries and creates a safe work environment
- Increases productivity

## WIRE SECURITY CAGES & LOCKERS

## INCREASE GOODS VISIBILITY AND PREVENT THEFT

- Industrial strength and stackable system design
- Product design allows for easy customization
- Cost effective and durable

## WORKBENCHES & TOOL CARTS

## INCREASE TECHNICIAN EFFICIENCY BY 25%

- Workbenches and tool carts transform the look and productivity of your service department
- 400 lb drawer capacity
- Sturdy construction designed to withstand heavy day-to-day use
- Lifetime warranty

## HIGH DENSITY MOBILE SHELVING

## DOUBLE YOUR STORAGE USING THE SAME FOOTPRINT

- Move heavy items with minimal effort
- Choose from a variety of modular components to create storage versatility
- Free up space for production areas
- Eliminates wasted aisle space

## VERTICAL CAROUSELS AND LIFTS

## GOING VERTICAL CAN SAVE UP TO 70% OF YOUR FLOOR SPACE

- Overhead space is utilized increasing storage capacity
- Improves efficiency with faster retrieval rates—goods are brought directly to the operator
- Ergonomic design reduces work-related injuries and creates a safe work environment
- Software systems will track material flow for seamless inventory management and optimum throughput

# REDESIGNING THE AUTOMOTIVE WORKPLACE

## ABOUT OLPIN GROUP

Olpin Group designs and builds a variety of storage and work space solutions. We bring our expertise and experience to design your parts and service departments to increase storage capacity, employee productivity, and customer service. We also design reception, office and breakroom areas.

## DIVERSE PRODUCT LINES

We offer a diverse product line and represent dozens of manufacturers which allows you to get the best fit solutions for your project. Our automotive product line is durable and made to meet the demands of the automotive industry.

## TURN-KEY OPERATION

We take pride in being a turn-key operation. We design, plan, install, maintain and service your equipment—all for a no-hassle, friendly, smooth operation from beginning to end.
