For over 60 years, Rousseau, an established manufacturer of storage systems, has perfected superior quality products with great reliability. With a dynamic team and terrific service, we proudly offer our clientele a solution adapted to their own unique needs. We offer a one-stop shopping experience while creating a one-of-a-kind solution made to fit every space and meet every storage challenge.

Our high-tech engineering allows us to offer great versatility and systems that are easy to install, aesthetic and convenient to work with. Each and every aspect of our decision making process is based on what our clients need. Rousseau storage systems are distinctive with personalized touches based on custom accessories and infinite modularity.

Rousseau Healthcare Storage Solutions make the most of every inch of your hospital:

Rousseau products improve inventory efficiency while storing more in a small space.

- Keep Expensive Instruments Secure and Clean;
- Enhance Productivity;
- Maximize Your Space;
- Facilitate Inventory Management;
- Create a Sophisticated and Superior Image.

A One-Stop Solution for your Medical Center:

Items ranging from surgical kits to linens can all be stored with the Rousseau Storage System.

- Sterile Processing Department;
- Central Sterile Supply;
- Biomedical Department;
- Central Store Room and Distribution Center;
- Maintenance Department;
- And much more...

Rousseau storage systems perfectly meet all of the specific needs for hygiene and cleanliness that your department insists upon. Our modular cabinets, with the numerous accessories available, offer you the possibility of storing your supplies and materials in the correct place and away from any contaminants. With the many drawers dimensions and layouts available, you have the opportunity to customize your storage solutions.

Our workstation systems provide you with ergonomic work environment solutions while providing a polished look at the same time. With options like stainless steel tops and storage cabinets for above the work surface with the Rousseau multifunctional support, we can offer you a unique solution that is adapted to your specific needs in the sterilization department.

ROUSSEAU BENEFITS

- Ergonomically designed to improve your productivity while packing surgical kits;
- All your instruments stored at the right place decreases retrieval times;
- Clean and safe environment for your instruments, medications and supplies.

R5WH5-6006

Rousseau storage solutions are perfectly adapted to the sterilized materials supply room. With all of the essential materials and supplies that are stored in your department and are required for good patient care, we are looking to provide you with storage solutions that will allow you to quickly and easily find the materials you are looking for.

In addition, we offer many different solutions that are adapted to your everyday reality. We know that available space is sometimes limited; that's why we offer a shelving system with integrated drawers allowing you to recuperate up to 70% of your floor space. Rousseau Spider® shelving systems have many different accessories and characteristics that will allow you to maximize your efficiency and your central supply room for sterilized materials. Our multitude of accessories allows you to have the most diversified storage solution on the market.

ROUSSEAU BENEFITS

- Secure and dust free storage for your sterile supplies with our lockable glass doors and drawers;
- Easy and quick retrieval of your surgical kits with our 100% opening roll-out trays and drawers;
- Easily find your sterile supplies with our glass doors and partitioning and labeling options.

R5SSE-874802

With your department being in charge of repairing medical equipment for the entire hospital, it is important to be well equipped to perform your duties. From the smallest tool to the largest piece of equipment that needs to be repaired, it is important that your work space be well organized with quick and easy access to your tools. The Rousseau workstation system provides excellent modularity. Over 200 components offered in different dimensions allow you to create your own personalized workstation.

Rousseau modular cabinets are also an essential part of being well organized. Stationary cabinets allow you to store each of your tools in the right place. Mobile cabinets are very useful when the time comes for performing repairs on large equipment that cannot be moved. This is how we create a customized solution to meet the needs of your department. No matter how large or small your biomedical department is, we have a solution for every situation.

ROUSSEAU BENEFITS

- Personalized workstation for your needs – for whatever equipment or tools you are repairing;
- Moveable station – by rolling the Rousseau “L” Compact Mobile Cabinet with soft casters in the hospital for maintenance of larger equipment;
- Keep everything organized and within hand reach while repairing your medical equipment.

Central Store Room and Distribution Center

Rousseau storage solutions are adapted to the needs of the central store room and distribution center of your hospital. Your department is responsible for receiving, sorting and distributing equipment as well as medical and surgical supplies; you are looking for a storage system that allows you to recuperate as much floor space as possible. The customized solutions that we offer will give you the chance to regain space and time while meeting the needs of your entire department.

You will have a perfectly functional and integrated solution thanks to the Spider® Shelving System – no matter the size and shape of the items you need to store. For smaller supplies, the modular drawer is the ideal solution, while shelves and roll-out shelves are the perfect option for larger, bulkier items. Rousseau storage systems are an all-in-one solution for your department!

ROUSSEAU BENEFITS

- Recover up to 70% of your space by using Rousseau drawers in shelving;
- Save a considerable amount of time by finding all your items quickly thanks to our partitioning and labeling accessories;
- Store all of your items, from printer ink cartridges to medical devices, in one shelving system.

SRE9005

Supervising the buildings and outdoor spaces as well as performing equipment maintenance requires storing all of the materials and components that you use at the hospital. The storage solutions that Rousseau offers will help you to maximize your storage.

Whether you choose shelving or cabinets, the Rousseau drawer has a 400 lb capacity. Durable and high performance, our drawer has a lifetime warranty on the rolling mechanism. Whatever your specific needs may be, we have the solution for your maintenance department.

The Rousseau drawer rolling mechanism is covered by a lifetime warranty

ROUSSEAU BENEFITS

- Unlimited ways to configure your drawers – for any shape and sized parts;
- Durable and High-Capacity Products that will last for generations without any signs of wear;
- Condense all your items in to the right place to facilitate inventory and save space in your hospital.

Rousseau, working with you since 1950

Since 1950 Rousseau has been designing, engineering and manufacturing modular storage systems for a variety of markets. Our 173,000 square foot facility, a sign of our growth and vitality, is equipped with cutting edge technology.

We offer a complete and integrated solution for all of your storage needs: drawers for shelving and cabinets, industrial shelving, Mini-racking, toolbox system, workstations and more.
