

# ROUSSEAU AUTOMOTIVE

## YOUR COMPLETE SOLUTION

# PARTS & SERVICE

AUTOMOTIVE STORAGE EQUIPMENT  
FOR YOUR CAR DEALERSHIP

# 2019 NEW PRODUCTS

## PROTECTION

---

Rousseau products are constantly evolving to reflect the reality of automotive dealerships. Like you, we are concerned about the risk of vehicle damage from impacts. That's why we have created products to protect the corners of toolboxes (page 51) and MultiTek Carts (page 69). These soft PVC bumpers help to minimize damage if there is a collision.

## SIDE PANELS FOR R TOOLBOXES

---

Transporting your tools is now easier with our latest accessory: the utility panel for R toolboxes, which installs on the sides of the toolbox. This panel is available in all standard R toolbox dimensions (height and depth), which means it's a very versatile product. A version for plastic bins is also available. You can find these side panels on page 51.

## MULTITEK CART FOR PARTS DEPARTMENTS

---

A whole new section has been added to the brochure: the MultiTek Cart for parts departments. The MultiTek Cart has been designed from the ground up for transporting parts of different sizes from your parts department to your service department, or from your parts department to your customer service counter. Learn more about it on page 106.

## LONG TOOL HOLDER

---

Rousseau has developed a new accessory for storing long tools such as pry bars. Our new Long Tool Holder can be found on page 69 and 113. With this holder and a utility panel installed on a MultiTek Cart or mobile toolbox, for example, it will be easier and safer for you to work with long tools.

# ROUSSEAU EXPERTISE

## DESIGNED, DEVELOPED AND MANUFACTURED IN NORTH AMERICA

We invest heavily in product development, modernization of our facilities, new technologies and our employees to offer premium-quality products, from design to manufacturing to end product.

Our goal is to understand your requirements so we can create tailored solutions that meet your expectations and needs in terms of your environment (new construction or existing construction) and priorities.

# SERVICE DEPARTMENT

## A SERVICE DEPARTMENT IN YOUR OWN IMAGE

Rousseau's technicians' workcenters are the most complete and versatile solutions on the market. Our specialists will help you find a custom configuration that meets your unique requirements and reflects the professional image of your company.

Mercedes-Benz Winnipeg (MB)

## A COMPLETE SOLUTION

We have the solution whether you are looking for basic workstations with a little or a lot of storage, or a more comprehensive workstation with integrated lift motor control, computer systems, reels and much more.

We have a wide range of additional options, including MultiTek carts for technicians, waste containers, utility panels and power feed panels, so you can add everything you need to your workstation.

## A PERSONALIZED SOLUTION

Rousseau designs and manufactures its workstations with a height of 36" to ensure they are as ergonomic as possible. This is the perfect height to work standing up in a service department for the vast majority of people. However, if your team members need extra height, 40" work surfaces are also available.

## TRY OUT OUR BAY DESIGN TOOL!

Do you have an idea what kind of workstation you need? If you do and would like a quick preview of what your ideal workstation would look like, be sure to try out our Bay Design tool on [rousseau-automotive.com](http://rousseau-automotive.com). In just a few easy steps, you can configure your very own workcenter. If you can't find exactly what you're looking for with our Bay Design tool, not to worry: the tool only shows the most popular dimensions, options and accessories, but others are available. For a personalized solution, our team of specialists will suggest options and help you find a configuration that meets your requirements.

The Bay Design tool offers a way for you to create and preview a custom layout in just a few easy steps. When you're happy with your design, you can save it or request a quote with your desired specifications.

Try it right now!

## NEED INSPIRATION?

Take a look at our Portfolio in the Information Center section on [rousseau-automotive.com](http://rousseau-automotive.com).

1

Specify the desired worksurface width.

2

Click on each of the workcenter sections and choose the option that best suits your needs.

3

Choose accessories to complete your solution.

4

Share it, save it or request a quote.

# CREATE YOUR LAYOUT

## 5 EASY STEPS

Our specialists will evaluate with you the best configurations possible for your situation. They will take into consideration many different factors, such as:

- What is the total amount of space available (layout)?
- Is computer access required?
- How much space is needed for tools?
- Where do the reels come from (air, electricity, oil, etc.)?
- How much space is needed for bulky storage?
- What type of lift do you use (integrated or posts, brand)?
- Do you need task lighting?
- Etc.

We suggest a five-step method that will allow you to create your own layout easily and quickly. The following pages are organized by these steps.

## SEE THE DIFFERENCE...

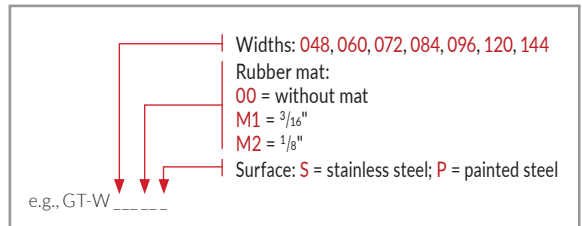

Following the steps below, you can create a custom model by choosing from the proposals found on **pages 16-29** for 144", 120", 96", 84", 72", 60" and 48" wide workstations. To order, complete the product numbers according to the logic in the following steps:

## 1 TYPE OF SURFACE

Widths available: 48", 60", 72", 84", 96", 120" and 144" (2 × 72");

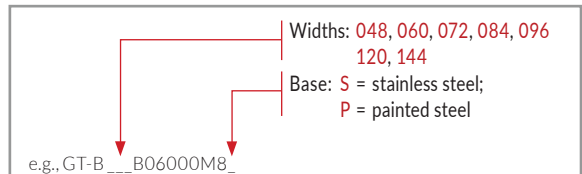

Type of worksurface: painted or 16-gauge stainless steel;

Rubber mat available; The mats are 26" deep in order to accommodate the tech uprights (RD44), the cover panels (RC62 / RC63 / RC66 / RC67 / RC68 / RC69) or the power feed panels (RC60 / RC61 / RC64 / RC65).

## 2 BELOW THE WORKSURFACE

The models suggested are among the most popular. Simply add **S** to the end of the model number for a stainless steel base, or **P** for a painted steel base.

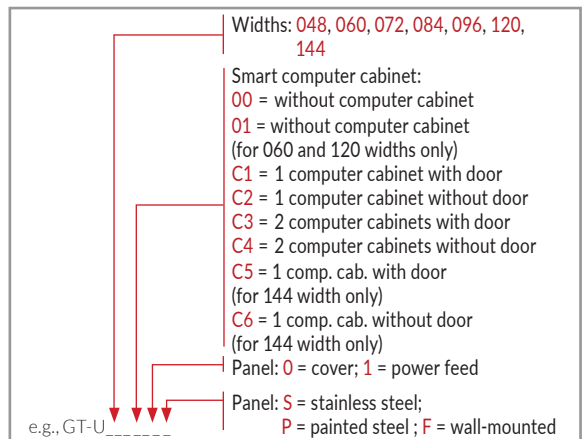

## 3 ABOVE THE WORKSURFACE

Widths available: 48", 60", 72", 84", 96", 120" and 144" (2 × 72");

Includes the following items: storage cabinet, smart computer cabinet, power feed and cover panel, tech upright and panel support;

Panel: painted or stainless steel.

## 4 CENTER

### 4A WITH CABINETS (ABOVE THE WORKSURFACE)

Widths: 48", 60", 72", 84", 96", 120" and 144" (2 × 72");

Includes the following items: finishing, utility and panel for plastic bins;

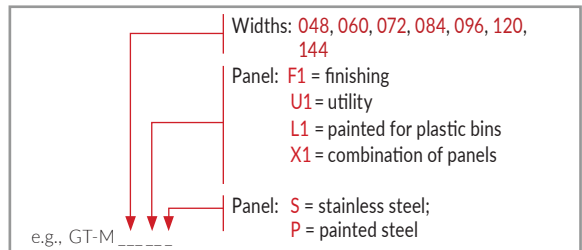

Finishing and utility panels: painted or stainless steel.

### 4B WITHOUT CABINETS (ABOVE THE WORKSURFACE)

Widths: 48", 60", 72", 84", 96", 120" and 144" (2 × 72");

Includes the following items: finishing panel, tech uprights, panel support and cover or power feed panel;

Finishing, power feed and cover panels: painted or stainless steel.

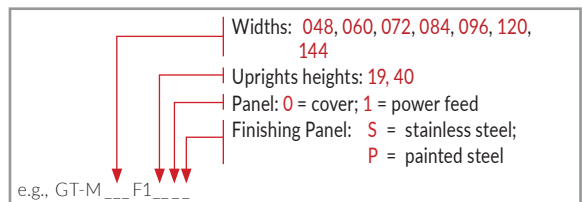

### 4C WITHOUT TECH UPRIGHTS (ABOVE THE WORK SURFACE)

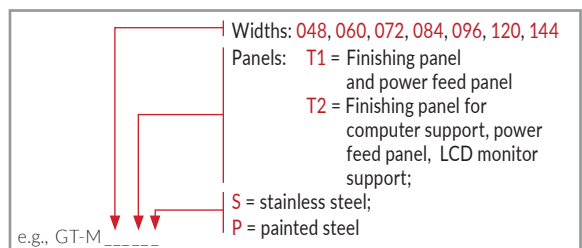

Widths: 48", 60", 72", 84", 96", 120" and 144" (2 × 72");

Includes the following items: finishing panel for computer support, finishing panel and power feed panel without tech uprights, LCD monitor support;

Finishing panel: painted steel or stainless steel.

## 5 SIDES OF BAYS

# 1 TYPE OF SURFACE

NOTE: THE WIDTH OF THE SURFACE DETERMINES THE WIDTH FOR STEPS 2 3 AND 4.

## STAINLESS STEEL TOP

- Serves as a worksurface and protects cabinet against impacts;
- Composite wood top with stainless steel cover (brushed finish #4);
- Excellent chemical resistance;
- Excellent corrosion resistance;
- Welded corners for an attractive look;
- Offered in 12-gauge or 16-gauge steel (the 12-gauge steel top provides better resistance to impacts);
- Thickness: 12-gauge top: 1<sup>13</sup>/<sub>16</sub>";
- Thickness: 16-gauge top: 1<sup>3</sup>/<sub>4</sub>".

PRODUCT #	W × D
RC35-4830-__	48" × 30"
RC35-6030-__	60" × 30"
RC35-7230-__	72" × 30"
RC35-8430-__	84" × 30"
RC35-9630-__	96" × 30"
RC35-12030-__	120" × 30"

NOTES: Complete number with **12** for a 12-gauge steel top.

For a workbench 144" wide, order two 72" wide tops.

## MARINE EDGE STAINLESS STEEL TOP

- The edge keeps hardware and liquids from falling off;
- Serves as a worksurface and protects the top of the cabinet from impacts;
- Composite wood top with stainless steel cover (brushed finish #4);
- Excellent chemical resistance;
- Excellent corrosion resistance;
- Welded corners for an attractive look;
- Offered in 12-gauge or 16-gauge steel (the 12-gauge steel top provides better resistance to impacts);
- Thickness: 12-gauge top: 1<sup>13</sup>/<sub>16</sub>" and 2" edge;
- Thickness: 16-gauge top: 1<sup>3</sup>/<sub>4</sub>" and 1<sup>15</sup>/<sub>16</sub>" edge.

PRODUCT #	W × D
RC35-4830-__M	48" × 30"
RC35-6030-__M	60" × 30"
RC35-7230-__M	72" × 30"
RC35-8430-__M	84" × 30"
RC35-9630-__M	96" × 30"
RC35-12030-__M	120" × 30"

NOTES: Complete number with **12** for a 12-gauge steel top and **16** for a 16-gauge steel top.

For a workbench 144" wide, order two 72" wide tops.

## PAINTED STEEL TOP

- Serves as a worksurface and protects cabinet against impacts;
- Composite wood top with painted steel cover;
- Welded corners for attractive look;
- Thickness: 1<sup>3</sup>/<sub>4</sub>".

PRODUCT #	W × D
RC37-4830	48" × 30"
RC37-6030	60" × 30"
RC37-7230	72" × 30"
RC37-8430	84" × 30"
RC37-9630	96" × 30"
RC37-12030	120" × 30"

NOTE: For a workbench 144" wide, order two 72" wide tops.

## NEOPRENE RUBBER MAT

- Neoprene mat for protecting the worksurface;
- 1/8" thick;
- Order a 26" D mat for an application with tech uprights, 30" D without.

WIDTH	DEPTH	
	26"	30"
48"	RG45-4826	RG45-4830

NOTE: Not compatible with marine edge stainless steel top.

## SLIDING LIFT MOTOR UNIT FOR ROTARY SHOCKWAVE™

- Easy and quick access to the lift control by sliding the unit out;
- Facilitates access to the lift control on both sides;
- Unit comes with a housing and has a removable front;
- 4" base: painted or stainless steel;
- Compatible with 120 V only;
- Optional leveling glides: RA75-01.

PRODUCT #	TYPE OF BASE	W × D × H
RC05-18273401	Painted steel	18" × 27" × 34"
RC06-18273401	Stain. steel	18" × 27" × 34"
RC05-18273801	Painted steel	18" × 27" × 38"
RC06-18273801	Stain. steel	18" × 27" × 38"

## WASTE CONTAINER

- 28 gallons capacity (note: the square bin has a 14% greater capacity than the round bin);
- The rounded corners facilitate cleaning;
- Dimensions: 21 ½" W (25" with the handles) × 21 ½" D × 22 ½" H;
- A door is available for perfect integration under the worksurface (RB52);
- Mobile pedestal also available (RK07).

PRODUCT #	INCLUDES
RK06-01	Waste Container
RK07-01	Waste Container Dolly

## WASTE AND RECYCLING CABINET

- Cabinet can be used as a single unit, integrated in cabinet combinations or integrated underneath the worksurface;
- Allows sorting objects for recycling;
- Equipped with one 26" H drawer with identification on the drawer handle to facilitate sorting for model of 30"H and one drawer of 4" for the model of 34"H;
- Equipped with two 15 ¼" W × 11" D × 20" H containers, the black one for waste (RK09-02) and the blue one for recycling (RK09-01);
- The drawer has one divider to stabilize the containers and also allows storing objects behind;
- Optional leveling glides: RA74-01.

PRODUCT #	W × D × H	WORKBENCH HEIGHT
GT-5ACG30050_	24" × 27" × 34"	36"
GT-5ACG34050_	24" × 27" × 38"	40"
GT-5ADG30050_	30" × 27" × 34"	36"
GT-5ADG34050_	30" × 27" × 38"	40"

NOTE: Add **S** to the end of the product # for a stainless steel base or **P** for a painted steel base.

## SLIDING LIFT MOTOR UNIT

- Easy and quick access to the lift control by sliding the unit out;
- Facilitates access to the lift control on both sides;
- Offered for Rotary Mechanical, Rotary inground SmartLift®, Challenger with BMC, Challenger AquaVantage and Challenger EnviroLift®;
- Unit comes with a housing;
- 4" base: painted or stainless steel;
- Compatible with 220 V only ;
- Optional leveling glides: RA75-01.

PRODUCT #	TYPE OF LIFT
RC__-1227__01	Challenger with BMC (for controls on the work bench)
RC__-1227__05	Rotary inground SmartLift® (from 2007 to present)
RC__-1227__06	Challenger AquaVantage
RC__-1227__07	Rotary Mechanical (conventional controls, September 2010 to present)
RC__-1227__08	Challenger EnviroLift® without BMC before 2015
RC__-1227__09	Challenger with BMC (controls integrated into sliding lift motor unit)
RC__-1227__10	Challenger EnviroLift® without BMC after 2015

NOTES: Add **20** to the RC\_\_ product number for a painted steel base or add **21** for a stainless steel base.

Complete number with **34** for a 36" H workcenter and by **38** for a 40" H workcenter.

## WASTE AND RECYCLING BINS

- Allows for separation of waste and recycling items;
- Available in black for waste and blue for recycling (with logos on the sides);
- 2 sizes: small (14 ¾" W × 10 ¼" D × 15" H), large (15 ¼" W × 11" D × 20" H);
- Panels (RB53 / RB57) and base (RA59 / RA60) are offered for perfect integration under the worksurface.

PRODUCT #	SIZE	COLOR
RK08-01	Small (7 gallons / 26.5 liters)	Blue
RK08-02	Small (7 gallons / 26.5 liters)	Black
RK09-01	Large (10 gallons / 39 liters)	Blue
RK09-02	Large (10 gallons / 39 liters)	Black

NOTE: The large bins were designed to be used with a waste and recycling panel or a 26" high waste and recycling drawer while the small bins are best used with a 17" high waste and recycling drawer.

GT-C1050S

## 2 BELOW THE WORKSURFACE

### DRAWER FOR WASTE AND RECYCLING

- Allows for separation of waste and recycling items;
- Logos on the side to make separating items easier;
- Available drawer heights: 17" and 26";
- Holds two containers (one black and one blue) with a divider to hold containers in place and allow for storage space at the back of the drawer.

PRODUCT #	W × D × H	SIZE OF CONTAINERS
R51CG-X1701	24" × 27" × 17"	Small (7 gallons / 26.5 liters)
R51DG-X1701	30" × 27" × 17"	Small (7 gallons / 26.5 liters)
R51CG-X2601	24" × 27" × 26"	Large (10 gallons / 39 liters)
R51DG-X2601	30" × 27" × 26"	Large (10 gallons / 39 liters)

### PANEL FOR WASTE AND RECYCLING BINS

- Designed to perfectly integrate waste and recycling bins (RK08 / RK09) under the worksurface without affecting the useable worksurface;
- Equipped with a flipper door in stainless steel in order to throw-out items without having to open the panel;
- Support panel (RB57) must be ordered for units installed at the end of a bay;
- Base (RA59 / RA60) must be ordered to complete the installation and make it perfect.

PRODUCT #	HINGE	HEIGHT
RB53-2434L	Left	34"
RB53-2434R	Right	34"
RB53-2438L	Left	38"
RB53-2438R	Right	38"

### HIDEAWAY DOOR

- Designed to neatly tuck away waste containers (RK06), MultiTek carts for technicians or smart compact mobile L cabinets under the worksurface;
- Equipped with a handle to easily open the door;
- Offered with or without a lock.

PRODUCT #	W × H	NOMINAL HEIGHT
RB52-1834__	18" × 34"	30"
RB52-2134__	21" × 34"	30"
RB52-2434__	24" × 34"	30"
RB52-2734__	27" × 34"	30"
RB52-1838__	18" × 38"	34"
RB52-2138__	21" × 38"	34"
RB52-2438__	24" × 38"	34"
RB52-2738__	27" × 38"	34"

NOTES: Add **L3** to the end of the product number to order a hideaway door with lock.

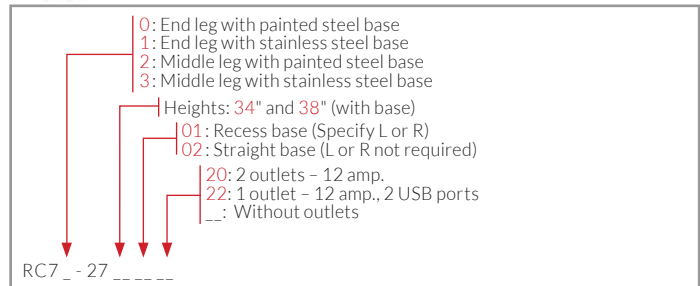

Add **L** to the end of the product number to have the hinges on the left or **R** for the hinges on the right.

Order a 21" or 24" wide hideaway door to fit a smart compact mobile L cabinet.

### STRUCTURAL CLOSED LEG

- Available for end or middle of workstation;
- Can be used to integrate non-structural elements under the worksurface while providing adequate support (for more than 18" W). Leg is 3" wide;
- The middle leg can be used to create workstations wider than 72" without having to use another structural element for support;
- 2 options can be added: Two 12A power outlets (for a 15A circuit), or one 12A power outlet (for a 15A circuit) with 2 USB ports;
- Use a stringer (RC77) for applications using only legs;
- Two types of bases (4") are available: recessed or full depth;
- The base is available in painted or stainless steel;
- Includes leveling glides;
- An inside finishing panel (RC74) is available to close the interior leg and provide a more finished look.

### DOOR KICK PLATE

- Compatible with hideaway door (RB52);
- Gives an impeccable finish;
- Available in painted or stainless steel;
- Compatible with 23"W MultiTek Cart.

PRODUCT #	W × H
RB__-180401	18" × 4"
RB__-210401	21" × 4"
RB__-240401	24" × 4"
RB__-270401	27" × 4"

NOTE: Complete number with **59** for a painted steel and by **60** for a stainless steel kick plate.

### CROSSMEMBER

- To hold the closed leg during applications at the end of the workstation;
- Connects the leg to another structural element of the workcenter to stiffen the bottom of the leg;
- Stainless steel.

PRODUCT #
RC78-__

NOTE: Complete the product number with the desire width: **18", 21", 24", 27", 30", 36", 42", 48" or 54"**.

# 3 ABOVE THE WORKSURFACE

## WITHOUT UPRIGHTS

### LCD MONITOR ARM

- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Includes one or two articulating arm(s) with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Screen can be rotated and tilted;
- Single and dual arm versions are available.

PRODUCT #	FOR
RC59-03	Single screen
RC59-04	Double screen

### LAPTOP ARM

- Holds a laptop, electronic device or any other object;
- Tray's usable area: 14"W x 12"D;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tray can be rotated and tilted.

PRODUCT #
RC59-42

### LCD MONITOR AND KEYBOARD & MOUSE ARM

- Holds a computer monitor, keyboard and mouse;
- Keyboard tray's usable area: 23 5/8"W x 8 1/2"D;
- Includes an articulating arm with a single joint;
- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Screen and tray can be rotated and tilted.

PRODUCT #
RC59-21

### TABLET ARM

- Compatible with most tablets on the market;
- The clamps and mount have a non-slip surface to keep the tablet stable;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tablet can be rotated and tilted;
- Compatible tablet sizes:
  - Small: 7 5/8"W to 10"W
  - Large: 9 7/8"W to 12 1/4"W.

PRODUCT #	FOR
RC59-62-01	Small
RC59-62-02	Large

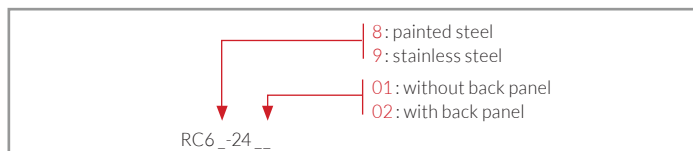

### COVER PANEL FOR COMPUTER MOUNT

- Allows for installation of a computer support with a more polished look (RC59-03 / RC59-04 / RC59-21 / RC59-42 / RC59-62-01/02);
- Dimensions: 24" wide;
- Can be combined with a power feed panel (RC64 / RC65) or cover panel (RC66 / RC67) when required;
- Offered in painted or stainless steel finishes.

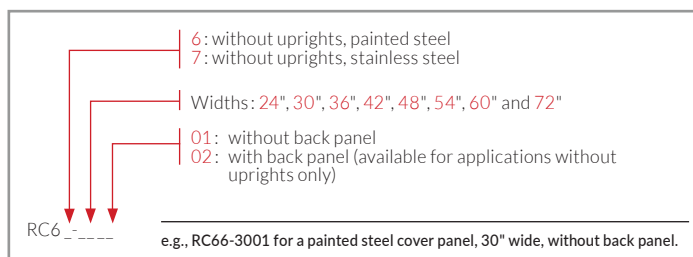

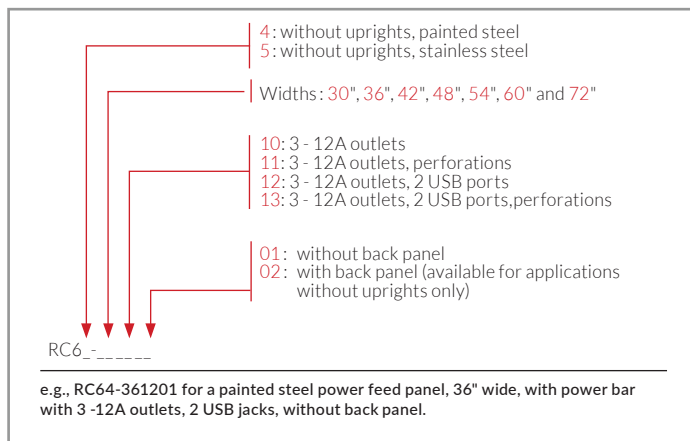

### POWER FEED PANEL WITHOUT UPRIGHTS

- Includes a power bar with 3 12A outlets for 15A circuit;
- 2 options available: 2 USB ports and/or perforations for air connection and a perforations (covered with a finishing panel) for installation of a telephone jack or computer network;
- Can be installed on RC35 and RC37 tops;
- Available in stainless or painted steel.

### COVER PANEL WITHOUT UPRIGHTS

- Can be combined with a power feed panel when necessary, or used on its own for a perfect finish;
- Available in stainless or painted steel.

## 3 ABOVE THE WORKSURFACE

### TECH UPRIGHTS

- Supports the storage cabinet (RD02), smart computer cabinet (R5MCA), panel support (RC47), cover panel (RC62 / RC63) and/or power feed panel (RC60 / RC61);
- Enables adjustment of cabinets 4" in height;
- Anchored firmly to the worksurface.

PRODUCT #	HEIGHT
RD44-19	19"
RD44-40	40"

### PANEL SUPPORT

- Supports the finishing (RC41 / RC42), plastic bin (RC45), utility (RC93 / RC94) panels and finishing panel for computer supports (RC81 / RC82);
- Allows combination of different types of panels.

PRODUCT #	WIDTH
RC47-24__	24"
RC47-30__	30"
RC47-36__	36"
RC47-42__	42"
RC47-48__	48"
RC47-60__	60"

NOTES: For 19" RD44 uprights, add **03** to the number.

For 40" RD44 uprights, add **01** to the number for the lower section and **02** for the upper section.

### LED LIGHT

- Casts brighter light than fluorescent tubes and is more energy efficient;
- Eliminates shaded areas under the cabinet;
- Can be installed under the RD00 / RD02 cabinet;
- Color temperature: 6000 - 7000 K (cool);
- Gavanized steel adaptor is included;
- Equipped with a 10' power cord;
- The recommended operating temperature for our LED lights is between 5 and 40 °C (41 to 104 °F);
- An optional motion sensor can be added.

PRODUCT #	STORAGE CABINET WIDTH
RD45-1814__	24"
RD45-2414__	30", 36"

## 3 ABOVE THE WORKSURFACE

### POWER FEED PANEL WITH UPRIGHT

- Includes a power bar with 3 12A outlets for 15A circuit;
- 2 options available: 2 USB ports and/or perforations for air connection and a perforation (covered with a finishing panel) for installation of a telephone jack or computer network;
- Can be installed on RC35 and RC37 tops;
- Available for application with tech uprights (RD44);
- Available in stainless or painted steel.

### COVER PANEL WITH UPRIGHT

- Can be combined with a power feed panel when necessary, or used on its own to cover the support post legs for a perfect finish;
- Available for application with tech uprights (RD44);
- Available in stainless or painted steel.

10 = power bar with 3 - 12A outlets for 15A circuit.

11 = power bar with 3 - 12A outlets for 15A circuit, perforation for air connection and a perforation (covered with a finishing panel) for installation of a telephone jack or computer network.

12 = power bar with 3 - 12A outlets for 15A circuit and 2 USB ports.

13 = power bar with 3 - 12A outlets for 15A circuit, 2 USB ports, perforation for air connection and a perforation (covered with a finishing panel) for installation of a telephone jack or computer network.

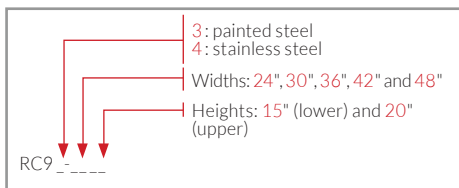

London City Chrysler Jeep Dodge (ON)

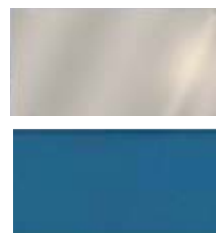

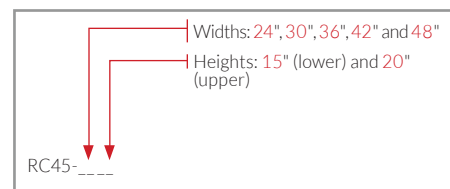

### UTILITY PANEL

- Perforated every 1" c/c, the panel is compatible with WM9\_ hooks and supports ([see page 113](#)).

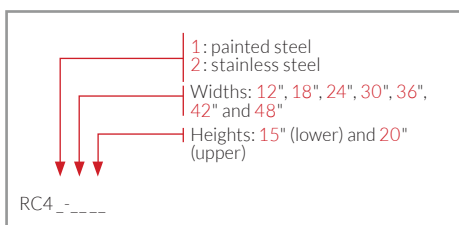

### PLASTIC BIN PANEL

- Compatible with RG20 plastic bins ([see page 48](#)) and any other type of plastic bin with hanging lip available on the market.

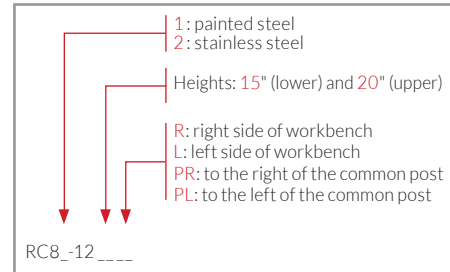

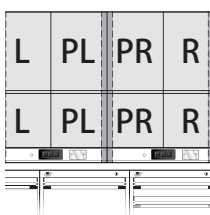

### FINISHING PANEL

- Gives an impeccable finish;
- Available in painted and stainless steel;
- Can be installed with or without overhead cabinets;
- Installing two panels one above the other (15" + 20") is possible and creates a walled effect which can be accessorized or not;
- Panels are compatible with the following accessories: multi-purpose support (RC51), LCD monitor mount (RC52), keyboard and mouse tray (RC53), telephone / document / laptop support (RC54).

### FINISHING PANEL FOR COMPUTER SUPPORTS

- Available in painted steel and stainless steel;
- Can be used with or without a cabinet on top;
- Two panels can be installed one above the other (15" + 20");
- Panels are compatible with the following accessories: RC58-03 / RC58-21 / RC58-42 / RC58-62;
- Includes perforation for running cables through;
- 12" wide.

### LCD MONITOR ARM

- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Includes one or two articulating arm(s) with two joints
- The articulating arm with two joints provides extra adjustment options;
- Screen can be rotated and tilted;
- Installs on lower (15) finishing panels for computer supports (RC81/ RC82).

#### PRODUCT #

RC58-03

### LAPTOP ARM

- Holds a laptop, electronic device or any other object;
- Tray's usable area: 14"W x 12"D;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tray can be rotated and tilted;
- Installs on lower (15) finishing panels for computer supports (RC81/ RC82).

#### PRODUCT #

RC58-42

### LCD MONITOR, KEYBOARD AND MOUSE SUPPORT

- Holds a computer monitor, keyboard and mouse;
- Keyboard tray's usable area: 23 3/4"W x 8 1/2"D;
- Includes an articulating arm with a single joint;
- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Screen and tray can be rotated and tilted;
- Installs on lower (15) and upper (20) finishing panels for computer supports (RC81/ RC82).

#### PRODUCT #

RC58-21

### TABLET ARM

- Compatible with most tablets on the market;
- The clamps and mount have a non-slip surface to keep the tablet stable;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tablet can be rotated and tilted;
- Installs on lower (15) finishing panels for computer supports (RC81/RC82);
- Compatible tablet sizes:
  - Small: 7 3/4"W to 10"W
  - Large: 9 3/4"W to 12 1/4"W

## 4 CENTER

### LCD MONITOR MOUNT

- Allows for a monitor to be installed, with anchor points on the back at a distance of 75 mm or 100 mm c/c (standard VESA 75 and 100), on RC41 / RC42 / RC93 / RC94 / RC45 panels;
- Equipped with an opening in the center to allow for management of wires and cords at the back of the support;
- Two positions, straight or 10° inclination towards the front to reduce light reflection.

#### PRODUCT #

RC52-20

### LAPTOP COMPUTER TRAY

- Laptop with maximum dimensions of 14" W × 12" D can be used;
- Kept firmly in place by hooking onto RC41 / RC42 / RC93 / RC94 / RC45 panels;
- Series of folds in the front (¾" surface), which can be used to rest palms of hands on while typing;
- Can be installed anywhere along the bay.

#### PRODUCT #

RC54-1412

### MULTI-PURPOSE HOLDER

- Holds up to 4 aerosol cans;
- Also compatible with soda cans;
- Kept firmly in place by hooking onto RC41 / RC42 / RC93 / RC94 / RC45 panels;
- Can be installed anywhere along the bay.

#### PRODUCT #

#### COMBINATION

RC51-120303 Panels only

RC51-120312 Panels and storage cabinets

### TELEPHONE OR DOCUMENT HOLDER

- Useable surface 14" W × 12" D;
- Includes clip to hold documents in place;
- Kept firmly in place by hooking onto RC41 / RC42 / RC93 / RC94 / RC45 panels;
- Can be installed anywhere along the bay.

#### PRODUCT #

#### COMBINATION

RC54-1412 Panels only

RC54-141202 Panels and storage cabinets

### KEYBOARD AND MOUSE SUPPORT

- Useable surface 24" W × 12" D;
- Series of folds in the front (¾" surface), which can be used to rest palms of hands on while typing;
- Kept firmly in place by hooking onto RC41 / RC42 / RC93 / RC94 / RC45 panels;
- Can be installed anywhere along the bay.

## 5A SIDE - TOOLBOX

40-52

- Toolboxes can be ordered on their own or to complete a bay, found on [pages 16-29](#);
- We offer 10 drawer heights and 6 cabinet heights;
- Impressive number of accessories are available: foam for tools, PVC liners, plastic bins, partitions and dividers, etc., all of which make organizing easier;
- Locking mechanisms are available on all of our models;
- Offered in both stationary and mobile versions.

## 5B SIDE - REEL CABINET

53-56

- We offer a range of reel cabinets that vary according to the number of reels required and the layout;
- Our cabinets are equipped with a door or panel for easy access and maintenance;
- Removable drip tray included.

## 5C SIDE - STORAGE UNIT

57-60

- Provides space to securely store personal items as well as an oil waste container or MultiTek cart for technicians;
- Offered in 48", 76" or 80" high, it can be used in a bay or on its own. To ensure unit stability, the unit must be anchored to a workstation, a toolbox, a storage cabinet or to the wall;
- Several configurations are available, with or without space for a MultiTek cart for technicians, smart compact mobile L cabinet or oil waste container.

## 5D SIDE - STORAGE UNIT - LOCKER

61-62

- Unit provides secure storage for technicians' personal belongings;
- Offered in 48", 76" or 80" high, it can be used in a bay or on its own. To ensure unit stability, the unit must be anchored to a workstation, a toolbox, a storage cabinet or to the wall;
- Several configurations possible, 1 door or 2 doors with or without ventilation holes.

# CORNER WORKSTATIONS

## INCREASE WORK SPACE AND STORAGE SPACE

Ferrari Lake Forest (IL)

Corner workstations allow for a more complete and integrated layout. They also help to optimize the space available for work and storage.

- Ergonomic 36" or 40" work surface height;
- Standard 30" worksurface depth;
- Choice of two configurations: with or without cabinet under the work surface;
- Leveling glides included in each model for a stable and level workstation;
- Designed to be placed against a wall or back to back;
- Must be anchored to two cabinets of the same height and depth, one on each side (RA30 or RA35).

To order, choose "WITH" or "WITHOUT" cabinet under the worksurface. Then configure your workstation. Options vary depending on the configuration chosen.

### WITHOUT CABINET BELOW THE WORKSURFACE

#### 0030 RIGHT ANGLE CORNER (2"W finishing panel)

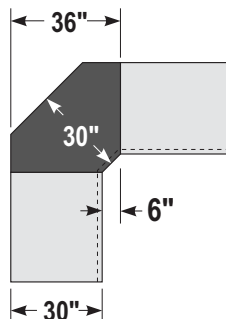

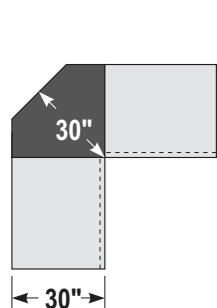

RS-C084X

#### 0630 9"W FINISHING PANEL

# TEKZONE WORKSTATION HUTCH

SECURITY – FLEXIBILITY – EFFICIENCY

With the TekZone workstation hutch, you can create a personalized and organized workspace.

- The work area it provides is spacious and well lit. Each TekZone Hutch is equipped with an LED light with motion sensor so the workspace lights up as soon as you open the door.
- A wide range of accessories helps you to stay tidy by freeing up the work surface while keeping your essential tools close at hand.
- The ingenious door mechanism allows you to open and close the hutch easily, smoothly and safely. With the full-width handle, you can open the door with any hand position. The door is fitted with a lock to secure the contents of the hutch.

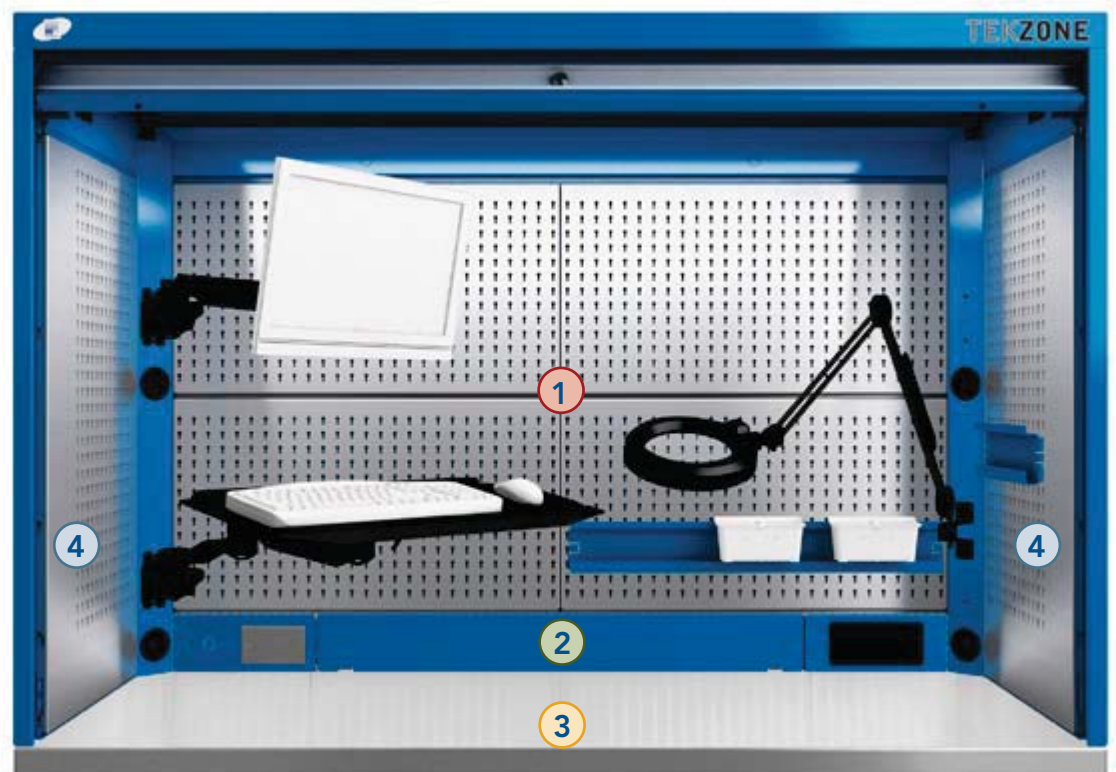

## 4 EASY STEPS

You can quickly and easily configure your own layout in just four steps.

# TEKZONE WORKSTATION HUTCH

## 4 ACCESSORIES

### SHELF AND DIVIDERS

- Attaches to rear utility panels at the desired height;
- Can be installed at a right angle or angled 15°;
- Shelf is reversible and the edge can be used as a back stop or support for plastic bins and ring binders;
- 100 lb. capacity (evenly distributed weight);
- Accepts SH52-1206 dividers every 2" c/c;
- Width compatibility: 36" and 42" hutches: full-width shelf 48", 54" and 60" hutches: half-width shelf.

PRODUCT #	WIDTH	COMPATIBILITY
RH60-24__	20"	½ shelf for 48"W hutch
RH60-27__	23"	½ shelf for 54"W hutch
RH60-30__	26"	½ shelf for 60"W hutch
RH61-36__	29"	Shelf for 36"W hutch
RH61-42__	35"	Shelf for 42"W hutch
SH52-1206		Divider

NOTE: Add 08 to the product number for an 8" deep shelf and 12 for a 12" deep shelf.

### MIDDLE SHELF AND BOTTOM SHELF

- Full-length and full-depth shelf;
- 200 lb. load capacity (evenly distributed weight);
- Compatible with SH52-2106 dividers in 3" increments c/c;
- Compatible with RH20 and RH21 utility panels; however, the area opposite the shelf is unusable;
- Not compatible with rear panels RH22/RH23 for plastic bins;

#### RH64, middle shelf:

- Attaches to RH35 side panels only;
- To add to a preconfigured TZ model, replace side panels with RH35;
- Not compatible with the following side panels: RH32 plastic bins, RH30/RH31 utility panels and RH28/RH29 finishing panels;

#### RH65, bottom shelf:

- The top (page 37) is required for coupling the hutch and the cabinet underneath.

PRODUCT #	WIDTH	ACTUAL DEPTH
RH__-3627	36"	20 7/16"
RH__-4227	42"	20 7/16"
RH__-4827	48"	20 7/16"
RH__-5457	54"	20 7/16"
RH__-6027	60"	20 7/16"

NOTES: Add 64 to the product number for a middle shelf and 65 for a bottom shelf.

RH36 to RH41 power feed and cable management panels cannot be used with the bottom shelf.

### SLOPED TOP

- Keeps the workspace clean and safe while reducing clutter;
- 8" high.

PRODUCT #	W x D
RH89-362708	36" x 27"
RH89-422708	42" x 27"
RH89-482708	48" x 27"
RH89-542708	54" x 27"
RH89-602708	60" x 27"

### CAN HOLDER

- Attaches to utility panels at the desired height;
- Ideal for storing cans and other containers of different sizes;
- Compatible with side and rear panels;
- 3" deep and 4" high.

PRODUCT #	WIDTH
WM9D-12	12"

### CHARGER SHELF

- Attaches to rear utility panels at the desired height;
- 25" usable width accommodates several chargers at once;
- Comes with a non-slip mat;
- Includes a built-in bar with 6 outlets (15A/120V, with switch, circuit breaker and 15' power cord);
- Includes storage space for cable management.

PRODUCT #	WIDTH
RH54-26	26"

### WIRE SPOOL AND ROLL HOLDERS

- Attaches to utility panels at the desired height;
- Ideal for wire spools or paper towel rolls;
- Tube diameter: ¾";
- Capacity: 50 lb.

PRODUCT #	WIDTH	USE
WM9P-1201	12"	for 27"D side panels
WM9P-2001	20"	for 48"W hutch rear half panels
WM9P-2301	23"	for 54"W hutch rear half panels
WM9P-2601	26"	for 60"W hutch rear half panels for 36" and 42"W hutch rear panels

### PLASTIC BIN RAIL

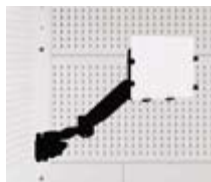

Attaches to utility panels at the desired height;

- Ideal for storing small parts in plastic bins;
- Compatible with RG20 plastic bins (sold separately).

PRODUCT #	WIDTH	USE
WM9C-12	12"	for 27"D side panels
WM9C-20	20"	for 48"W hutch rear half panels
WM9C-23	23"	for 54"W hutch rear half panels
WM9C-26	26"	for 60"W hutch rear half panels for 36" and 42"W hutch rear panels

# TEKZONE WORKSTATION HUTCH

## TABLET ARM

- Compatible with most tablets on the market;
- The clamps and mount have a non-slip surface to keep the tablet stable;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tablet can be rotated and tilted;
- Compatible tablet sizes:
  - Small: 7 3/8" W to 10" W
  - Large: 9 7/8" W to 12 1/4" W.

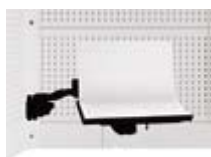

PRODUCT #	FOR
WM06-62-01	Small
WM06-62-02	Large

## LCD MONITOR ARM AND KEYBOARD & MOUSE ARM

- Holds a computer monitor, keyboard and mouse;
- Keyboard tray's usable area: 23 3/8" W x 8 1/2" D;
- Includes an articulating arm with a single joint and an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Screen and tray can be rotated and tilted.

PRODUCT #	USE
WM06-22	Kit
WM06-02	Single articulating arm for the computer monitor
WM06-32	Double articulating arm for keyboard and mouse tray

## LAPTOP ARM

- Holds a laptop, electronic device or any other object;
- Tray's usable area: 14" W x 12" D;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tray can be rotated and tilted.

PRODUCT #	USE
WM06-42	

## MONITOR SUPPORT

- Supports a monitor compliant with the VESA 75 and 100 standards;
- Includes a central cut-out for cable management from the rear of the support;
- Two positions: straight or angled 10° forward to reduce reflections.

PRODUCT #	USE
RH52-15	

## LAMP WITH MAGNIFIER AND LED LIGHT

- Diopter: 5 (2.25 x magnification);
- Requires lamp support RH50.

PRODUCT #	USE
RH50-01	Lamp support
70000640	Lamp with magnifier and LED light

## KEYBOARD TRAY

- Attaches to rear hanging panels at the desired height;
- Unique and heavy-duty design with palm rests;
- 25" wide for using a keyboard and mouse;
- Comes with a non-slip mat.

PRODUCT #	USE
RH53-25

## DRAWER ACCESSORIES

The vast array of accessories available, all of which are compatible with each other, facilitate the organization and identification of your tools. No matter what their shape or size, we have the accessory you need.

The unique shape of the R drawer is a Rousseau Metal inc. trademark. The drawer also has design registration.

### NON-SKID PVC DRAWER LINER **NEW**

- The non-skid surface protects stored material;
- Thickness: 3/32";
- Sold by drawer dimensions or in rolls 50" wide x 50' long.

PRODUCT #	FOR DRAWER
RG49-1827-01	18W x 27D
RG49-2427-01	24W x 27D
RG49-3027-01	30W x 27D
RG49-3627-01	36W x 27D

# TOOLBOXES

## TOOLBOX ACCESSORIES

Numerous accessories allow you to get the maximum benefit from your toolbox. We offer a selection of tops, doors, stacking cabinets, etc.

### STAINLESS STEEL TOP

- Serves as a work surface and protects cabinet against impacts;
- Composite wood top with stainless steel cover (brushed finish #4);
- Excellent chemical resistance;
- Excellent corrosion resistance;
- Welded corners for attractive look;
- Offered in 12-gauge or 16-gauge steel (the 12-gauge steel top provides better resistance to impacts);
- Thickness: 12-gauge top: 1 13/16";
- Thickness: 16-gauge top: 1 3/4".

PRODUCT #	W x D
RC35-2427-__	24" x 27"
RC35-3027-__	30" x 27"
RC35-3627-__	36" x 27"
RC35-4227-__	42" x 27"
RC35-4827-__	48" x 27"
RC35-5427-__	54" x 27"
RC35-6027-__	60" x 27"

NOTE: Complete number with **12** for a 12-gauge steel top.

### MARINE EDGE STAINLESS STEEL TOP

- The edge keeps hardware and liquids from falling off;
- Serves as a work surface and protects the top of the cabinet from impacts;
- Composite wood top with stainless steel cover (brushed finish #4);
- Excellent chemical resistance;
- Excellent corrosion resistance;
- Welded corners for an attractive look;
- Offered in 12-gauge or 16-gauge steel (the 12-gauge steel top provides better resistance to impacts);
- Thickness: 12-gauge top: 1 13/16" and 2" edge;
- Thickness: 16-gauge top: 1 3/4" and 1 15/16" edge.

PRODUCT #	W x D
RC35-2427-__M	24" x 27"
RC35-3027-__M	30" x 27"

NOTE: Not compatible with marine edge stainless steel top.

### ADJUSTABLE KICK-PLATE FOR LEVELING GLIDE

- Provides an immaculate finish;
- Prevents dust from entering;
- Available in stainless steel only;
- Please contact your customer service representative for more details.

### LEVELING GLIDES

Adjusts height of toolbox easily on uneven surfaces without emptying drawers (1  $\frac{1}{8}$ " to 2" from the ground).

- Compatible with base;
- Sold in packs of 4.

PRODUCT #
RA74-01

### SIDE UTILITY PANEL

- Maximizes the toolboxes' storage space;
- Installs on the sides of toolboxes;
- Compatible with all types of WM9 supports and hooks.

PRODUCT #	DEPTH
RC02-27__	27"

NOTES: Complete the product number with the housing height required: 28", 30", 34", 38", 44", 58". Full height installation only.

### SIDE PLASTIC BIN PANEL

- Maximizes the toolboxes' storage space;
- Holds RG20 plastic bins;
- Installs on the sides of toolboxes;
- Compatible with all commercially available brands of plastic bins with a hanging lip.

PRODUCT #	DEPTH
RC04-27__	27"

NOTES: Complete the product number with the housing height required: 28", 30", 34", 38", 44", 58". Full height installation only.

### TOOLBOX BUMPERS

- Protects toolboxes from bumps and damage;
- Protection kit for all four corners of toolboxes;
- Vertical bumpers and endcaps made from resistant soft PVC;
- Quick and easy installation with double-sided adhesive tape;
- Tool-free installation.

PRODUCT #	COMPATIBLE WITH:
RB9J-__01	RA30/RA35 toolbox
RB9J-__02	RA30/RA35 toolbox and RD01 side cabinet
RB9J-__03	RA30/RA35 toolbox and 1 RC02/RC04 side panel
RB9J-__04	RA30/RA35 toolbox and 2 RC02/RC04 side panels

NOTES: Complete the product number with the housing height required: 28", 30", 34", 38", 44", 58". Not compatible with RC00 foldaway shelves

# TOOLBOXES

## TOOLBOX ACCESSORIES

### STACKING CABINET

For storage of large and bulky items, choose a stacking cabinet.

- Shelves are adjustable every 1" c/c and have an edge that helps prevent items from falling;
- Available housing heights: **24"** and **30"**;
- Comes with or without doors (steel or polycarbonate);
- Many dimensions available.

PRODUCT #	W x D
R5HDG-_-_-	30" x 27"
R5HEG-_-_-	36" x 27"
R5HHG-_-_-	48" x 27"
R5HJG-_-_-	54" x 27"
R5HKG-_-_-	60" x 27"

NOTE: When ordering, indicate the housing height and the type of door. E.g., R5HEG-24 03 for 36" W x 27" D x 24" H cabinet with double integrated doors.

### SLOPED TOP

- Keeps the workspace clean and safe while reducing clutter;
- Seamlessly integrates with workstations;
- 16° sloped angle;
- 8" high.

PRODUCT #	W x D
RC31-362708	36" x 27"
RC31-422708	42" x 27"
RC31-482708	48" x 27"
RC31-542708	54" x 27"
RC31-602708	60" x 27"

RB51	integrated sliding	polycarbonate
RB56	sliding with frame	polycarbonate

### ELECTRONIC LOCK SYSTEM

- Simple, fast and easy to use;
- No key needed;
- Up to 20 different users;
- 4- to 8- digit access codes;
- Installs on your existing Rousseau R or L cabinet with drawers;
- Simplifies managing access to cabinets;
- Can be used in all configurations of cabinets with drawers;
- Compatible with the tops RC35 and RC37.

PRODUCT #	FOR
RB00-DDHHL50	RA30 (R Cabinet)
RB01-WWDDHHL50	RA35 (Multi-drawer Cabinet)
LB00-DDHHL50	LA30 (L Cabinet)

NOTE: Not compatible with the tops RC38 and RC39.

Ferrari Maserati Québec (QC)

We know that every dealership is unique. This is why we offer a line of reel cabinets that vary depending on the number of service reels required and where they are placed.

- All of our cabinets are equipped with a door and/or a front access panel to facilitate maintenance (door has option of a lock);
- As well as a removable drip tray;
- Widths: 24", 30", 36" and 48";
- Heights: 30", 38" and 72" (without base);
- 4" base and quick access panel: painted or stainless steel.

### CONSIDERATIONS

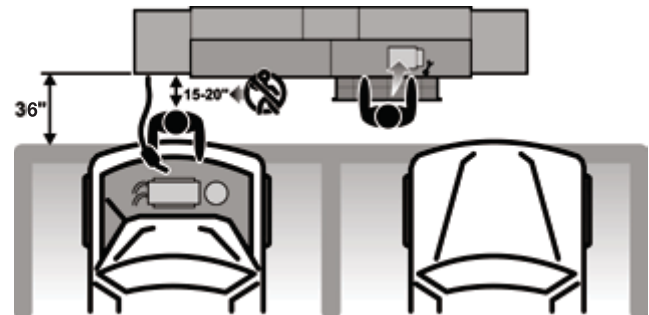

In order to have the best configuration possible for a technician station, the organization of service reels is a very important factor to consider. When the service reels are integrated into the workcenter, we can help you determine the best place to store them.

After an analysis of the technician's movements between the workcenter and the vehicle, we can then recommend:

- Toolbox in the technician's proximity; under the worksurface;
- Reel cabinets in direct line with the automobile, beside the worksurface. This way, the service reels do not block access to the worksurface;
- If a lot of different tools are used, we recommend that frequently used tools are stored below the worksurface, and the others in toolboxes at the sides of the worksurface.

The technician's overall efficiency is increased when there is fast and easy access to tools, and direct and secure access to service reels.

### VIEW FROM ABOVE

NOTES: It is your responsibility to check if there are any regulations regarding reel locations in your region.  
The reels are not sold by Rousseau.

## 76" H CABINET

GT-REG720601S

Available 24", 30" and 36" wide. The cabinet can store up to 6 reels.

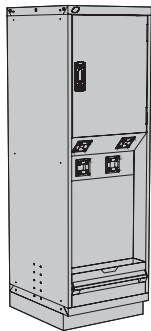

- Includes a 6" drawer for meters or other storage and a removable drip tray above the drawer;
- Height: 76" (with 4" base);
- Can be used in a workcenter or as a unit on its own.

GT-RCG720401 \_

4" base and quick access panel: S = stainless steel; P = painted steel

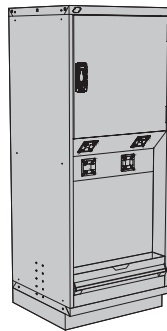

NOTE: We suggest, for a workstation with a work surface that is 40" H and including storage cabinets and finishing panels, to combine the 42" H (including base) reel cabinet with a 38" H toolbox to obtain the same height as the workcenter (80").

# MULTITEK CART

## A COMPLETE AND INTEGRATED SOLUTION

Budds' Imported Cars (ON)

To perform vehicle repairs and maintenance, technicians need a variety of tools and replacement parts near to the vehicle and within easy reach. Every technician has their own way of working, and the requirements of each task can vary considerably between vehicles and between dealerships. The MultiTek cart's design allows for a high level of personalization based on different work habits and requirements.

- Minimizes trips back and forth;
- Transports tools and/or new and old parts;
- Ensures important tools are always to hand;
- 36"W x 24"D and 48"W x 24"D models are available in the parts department section on [page 106](#);
- Ergonomic working height.

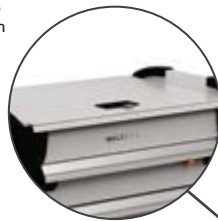

The base cart is the starting point for endless possibilities.

## DISTINCTIVE FEATURES

### LOCKABLE SECURITY COVER

Opens 90° for unrestricted access to the work surface. The cover features strategically placed gas springs to allow access to the top shelf when open. It is also equipped with a lock to secure the contents when closed.

### COMFORTABLE AND ERGONOMIC HANDLES

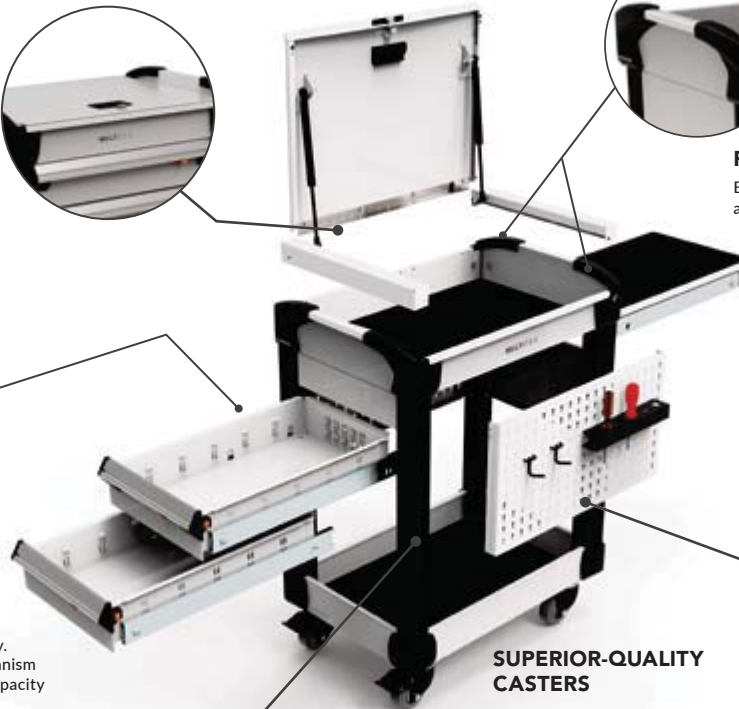

### ROLL-OUT SHELF

Expand your work surface area with a roll-out shelf.

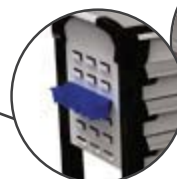

### FRONT OR SIDE DRAWERS

Transport tools safely and securely. 4" drawers feature a lock-in mechanism to keep them closed. 50 lb. load capacity per drawer.

### SUPERIOR-QUALITY CASTERS

### FINISHING PANELS, UTILITY PANELS OR PLASTIC BIN PANELS

Customize with these convenient accessories.

### UPRIGHT BUMPERS

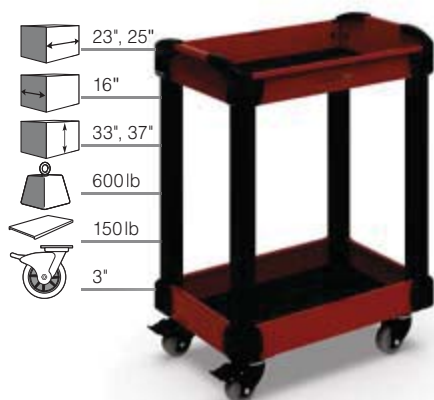

Protect vehicles from accidental bumps.

Whether ordering one or one hundred, our Specialists will help you build your perfect MultiTek cart.

# SPECIALIZED UNITS

Luther Brookdale Honda (MN)

Often times, certain bays are dedicated to specific functions such as changing tires or express lube for example.

For each of these cases, different accessories could be required to create compact bays that are perfectly adapted to your needs. See some of our suggestions for your specialized bays.

### WALL-MOUNT DETAIL STATION

- Multifunctional wall-mount unit 72" H x 56" W;
- 2 storage units each 28" W x 15" D x 16" H with flipper door;

# L CABINETS

## A VERSATILE AND ADVANTAGEOUS ALTERNATIVE

### MOBILE

With the mobile version, technicians can have all of their tools within reach when repairing vehicles. In addition to providing more storage space than the MultiTek cart, it is also completely closed in. Smaller and lighter than the toolbox, it is easy to operate.

The L compact cabinet, in both the mobile and fixed versions, is an advantageous alternative for technicians looking for a storage system designed for storing items that are not as heavy.

- Central locking mechanism (L3), that allows the user to lock all drawers at the same time, offered as an option;
- Optional drawer lock-in mechanism (B) stops drawers from opening on their own;
- Width of the cabinet: 18";
- Several drawer heights: 3", 4", 5", 6", 8" and 12";
- Drawers on superior quality slides, each with a 100 lb. capacity;
- For an L50 electronic lock, contact Customer Service.

Depths: D = 21"; G = 27"  
 Lock on cabinet: L3  
 Drawer Lock-in mechanism: B

L3BB\_-3402\_ \_ \_

---

NOTE: The 21" D x 33 1/2" H technician's smart compact mobile L cabinet can be easily stored under the work surface. However, the hideaway door (RB52) has to be 21", 24" or 27" wide.

# BASIC WORKBENCHES

A SOLUTION FOR EACH AND EVERY NEED

We have a solution for every need whether you are looking for a basic workbench with two legs and a top, or a specialized workbench, fixed or mobile.

The painted or stainless steel worksurfaces are available in a wide choice of dimensions so you can have a single or double workbench tailored to your requirements.

Plus, our solutions provide you with unlimited layout possibilities, both above and below the worksurface.

## OPEN WORKBENCH – FIXED OR MOBILE

With its sturdy construction and polished appearance, this table can fit in almost any environment.

- Height: Fixed model = 34", Mobile model = 35";
- Complete the product number with **A** for the fixed model and **W** for the mobile version (included a pair of 4" rigid casters and a pair of 4" swivel casters with total-lock brake system);
- Available with either painted or stainless steel top.

## ACCESSORIES

The numerous accessories available provide a multitude of layouts. You can build and adjust your table according to your needs. Here are a few of the accessories available.

### WM BENCH FRAME

- Allows fast organization of your workstations;
- The post features up to 6 hooking zones for a wide range of accessories;
- Can be installed at a later time and is compatible with the majority of workbenches on the market.

PRODUCT #	W x H
WM11-5636	56" x 36"
WM11-5648	56" x 48"
WM11-6836	68" x 36"
WM11-6848	68" x 48"

### OVERHEAD LED WORKSTATION LIGHT

- Provides optimized lighting for worksurface;
- Installs on WM18 cantilever overhead supports (must be ordered separately);
- Casts brighter light than fluorescent tubes and is more energy efficient;
- Installation on single or double unit multi-purpose frame;
- Color temperature: 6000 - 7000 K (cool);
- Galvanized adaptor included;
- Equipped with a 10' long power cord;
- The recommended operating temperature for our LED lights is between 5 to 40°C (41 to 104 °F);
- An optional motion sensor can be added.

PRODUCT #	DIMENSION	UPRIGHTS WIDTH
WM43-3602__	36" W	28" and 34" c/c
WM43-4801__	48" W	28" and 56" c/c
WM43-4802__	48" W	34" c/c
WM43-6001__	60" W	34", 56" and 68" c/c
WM18-26	26" D	Cantilever Overhead Supports

NOTE: To order an LED light with motion sensor, add **MS** to the product number.

### LAPTOP ARM

- Holds a laptop, electronic device or any other object;
- Tray's usable area: 14"W x 12"D;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tray can be rotated and tilted.

PRODUCT #	FOR
WM05-42	WM Bench Frame
WM06-42	Wall-Mounted

### LCD MONITOR ARM

- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Screen can be rotated and tilted.

PRODUCT #	FOR
WM05-03	For Bench Frame
WM06-03	Wall-Mounted

### TABLET ARM

- Compatible with most tablets on the market;
- The clamps and mount have a non-slip surface to keep the tablet stable;
- Includes an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Tablet can be rotated and tilted;
- Compatible tablet sizes:
  - Small: 7 7/8"W to 10"W (**01**)
  - Large: 9 7/8"W to 12 1/4"W (**02**).

PRODUCT #	FOR
WM05-62-__	WM Bench Frame
WM06-62-__	Wall-Mounted

NOTE: Complete product number with **01** for small version or **02** for large version.

### LCD MONITOR, KEYBOARD AND MOUSE ARM

- Holds a computer monitor, keyboard and mouse;
- Keyboard tray's usable area: 23 5/8"W x 8 1/2"D;
- Includes an articulating arm with a single joint and an articulating arm with two joints;
- The articulating arm with two joints provides extra adjustment options;
- Compatible with most LCD monitors (max. 21") on the market;
- Complies with VESA 75 and 100 monitor mounting standards;
- Screen and tray can be rotated and tilted.

PRODUCT #	FOR
WM05-22	WM Bench Frame

# SERVICE ADVISOR DESKS

## BUILD YOUR OWN

Follow the steps to order your own customized service advisor desk. By choosing the various options available, you can build a desk that fulfills your requirements and matches your brand image. You can choose your top, your finishing panels, and from six different widths for both mobile and fixed desks.

1 Mobile = B; Stationary = D  
2 Widths: D = 30"; E = 36"; G = 42"; H = 48"; K = 60"; L = 72"  
3 Type of top: 5 = Laminate; 0 = Stainless steel; 2 = Wood  
4 Panel: P = Painted steel; S = Stainless steel

RP-\_\_J38\_0020S\_

Complete the model number on [pages 82 and 83](#) with the options below.

1

### MOBILE (B)

- 2" casters for moving the desk easily when required.
- Four casters are included for desks with two legs.
- Six casters are included for models with one leg and a cabinet.

NOTE: Side-by-side desks and offset desks cannot be mobile.

### STATIONARY (D)

- Stainless steel bases come with leveling glides for easy leveling.
- Comes with four leveling glides, while 60" and 72" versions with cabinet come with five;
- Side-by-side and offset configurations are possible by adding the desk joining kit RP-K001S.

2

WIDTHS: 30" (D) ; 36" (E) ; 42" (G) ; 48" (H) ; 60" (K) ; 72" (L)

3

### Tops

Tops and riser shelves have rounded corners (visitor side).

Stainless steel (0)

Gray laminate (5)

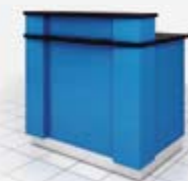

Wood (2)

Laminate and stainless steel versions have an aesthetic and durable black edging.

Wood adds a warm and distinctive look.

4

### No panel

NOTE: No code to add.  
Base models come without a panel.

### With painted (P) or stainless (S) steel panel

- With this option, you can personalize your desk by adding a logo or name.
- NOTE: Not available for the 30" wide version.

### For duotone

- Simply specify your chosen colors when ordering. There is no code to add.

5

### Accessories

85

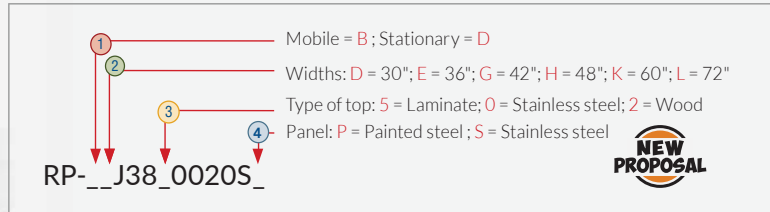

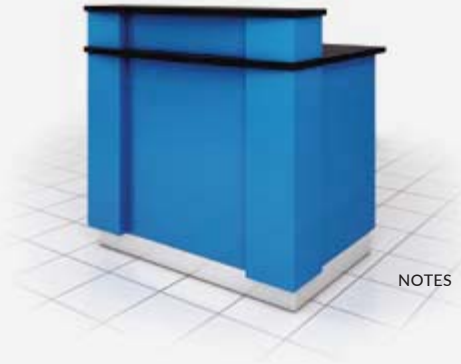

To join two or more service advisor desks together, side by side or offset, please order desk joining kit RP-K001S.

NOTE: Side-by-side desks and offset desks cannot be mobile.

# PERSONALIZED PANELS

STAND OUT FROM THE COMPETITION!

Oxford Dodge Chrysler (ON)

Rousseau offers a personalization service for painted or stainless steel panels installed on GT workstations, service advisor desks and corner service counters.

Panels can be personalized with a logo, a name or even a slogan. Personalization is performed using digital printing with UV ink. It is a highly durable process that creates an immaculate finish and is easy to clean.

- Endless color possibilities;
- For maximum impact, the design is always centered (vertically and horizontally);
- Existing panels can be replaced with new personalized panels.

## SEVERAL OPTIONS AVAILABLE

# PARTS DEPARTMENT

## A COMPLETE SOLUTION

For over 70 years, we have been experts in workspace storage and organization. Through our numerous accomplishments, we have acquired much expertise in parts departments. This is our guarantee to you that our product line can respond to the strictest criteria. All of our products are designed, manufactured and rigorously tested in North America to meet the highest standards of engineering and quality.

The strength of our system is that it adapts to your environment and evolves with your needs. With the numerous dimensions and accessories offered, you can create your own customized layout to complement the structure of your building.

### SERVICE COUNTERS

With our service counters, you can provide rapid, efficient and secure service to your customers. These workspaces can be fully personalized to ensure your most used items are always within easy reach. Placed exactly where you need it, your service counter will be an indispensable addition to your parts department.

Our products are customized to integrate into your unique environment and the space you have available. From corner workstations to counter cabinets, our scalable service counters offer the perfect blend of aesthetics and ergonomics.

# PARTS DEPARTMENT

## SPECIALIZED STORAGE

99-101

With our storage solutions, your parts are stored so they are easy to handle and completely secure. With racks for any application, there's dedicated storage for every part: moldings, bumpers, exhaust pipes, tires, etc. Our specialists will also support you throughout the process, so you can take full advantage of everything our specialized storage has to offer.

By choosing our solutions, you ensure your parts department is optimally organized and your inventory management is as efficient as possible.

## 5S STORAGE

112-113

Rousseau's various storage solutions can be used to apply the Japanese 5S method. We have a range of products specially designed to optimize organization of your work area by assigning a specific place for each item. From hooks to tool holders to adhesive identification labels, everything has been designed to create a safe environment that facilitates inventory management and helps your staff move around and work efficiently.

## THE MULTITEK CART

106

When parts are located far away from the service counter, the MultiTek Cart is your best friend. It offers a safe and secure way to rapidly transport parts of different sizes from A to B.

Built for heavy-duty tasks, the premium-quality MultiTek Cart is available in various dimensions and can be equipped with a range of accessories, which makes it incredibly versatile and perfectly adapted to automotive dealership environments. And by adding shelves with a 150lb. load capacity, you can transport more items in one go, saving you precious time and energy.

## DRAWERS IN SHELVING

91-92

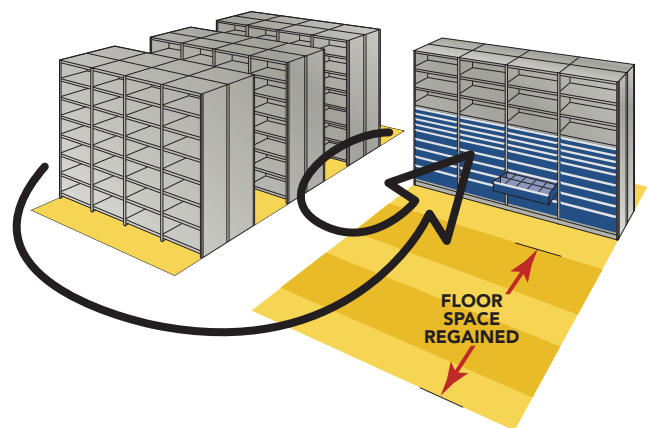

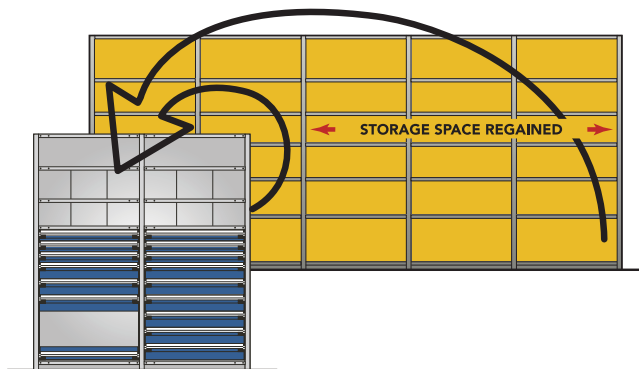

When you add drawers to your shelving, you can recuperate up to 50% to 70% of your storage space. Using the Rousseau drawer will help you reduce the size of your parts department, leaving more room available for money-making departments like the service department or the showroom. You will also be able to find your parts quickly thanks to our partitioning and labeling accessories. Great savings that will fulfill all of your expectations!

### MAIN ADVANTAGES:

- More parts stored in the same space;
- Less time spent searching for parts;
- Less time your mechanics spent waiting at the service counter;
- More time for vehicle maintenance;
- More time for your customers!

Rousseau drawers add value to your existing equipment. They can be installed in more than 35 brands of shelving on the market.

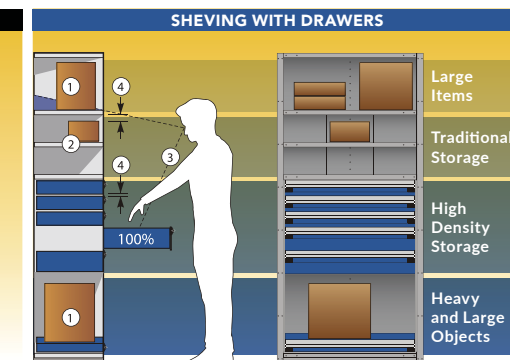

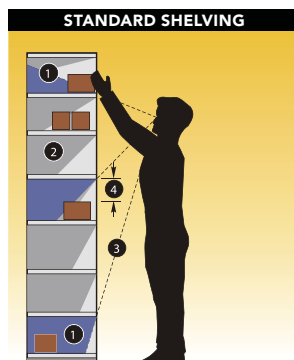

#### CURRENT SITUATION

- 1 Top and bottom shelves are not properly filled, nor accessible.
- 2 Back of shelves are poorly lit and visible.
- 3 Visibility of various items is hampered by the shelves.
- 4 Vast amount of unused space between shelves.

#### RESULT

Arduous management and location of your inventory.

#### OUR RECOMMENDATIONS

- 1 Widely spaced shelves for the storage of larger items.
- 2 Close-set shelves positioned at eye-level.
- 3 Easily locate objects in a drawer that opens at 100%.
- 4 Optimized use of space based on the sizes of its stored items.

#### RESULT

Easier management of your inventory based on an organized storage method.

# SMALL AND MEDIUM PARTS STORAGE

## MUCH MORE THAN A SIMPLE SHELVING

Our Spider® Shelving system is perfect for most requested items, special orders, as well as parts under warranty. Its unique design guarantees easy configuration and easy to add accessories.

- The only system that allows you to alternate the use of shelves (medium parts) and steel decking (large parts);
- Our common post reduces the number of posts needed by 25%, leaving more space for storage;
- When planning tomorrow's needs today make Spider® Shelving the foundation for your multi-level shelving system.

104-105

SRP0142

SRP0144

### SHELVING FOR MEDIUM PARTS

- Adding drawers gives you a combined storage system that allows you to store both small and bulky parts;
- Box type shelves adjust at every 1" c/c.

# SMALL AND MEDIUM PARTS STORAGE

## SHELVING WITH DRAWERS

As storage specialists, we recommend using shelving with drawers for small and high-turnover parts. If you are planning a new installation, our Spider® Shelving system is the most integrated and adaptable product of its kind on the market. The unique design makes it easy to assemble and easy to use.

The unique shape of the Spider® post is a Rousseau Metal inc. trademark.

Our drawers come with a wide array of accessories, all of which are compatible with each other, facilitating the organization and identification of parts. We have an accessory to accommodate the storage of parts, no matter what their shape or size!

### TOOL FOAM (RG42)

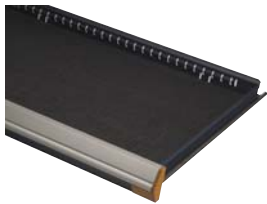

- Missing tools can be spotted quickly with oil-resistant and non-absorbent foam;
- The blue foam is  $\frac{1}{4}$ " and the black self-adhesive foam is  $\frac{1}{2}$ ".

NOTE: Sold without cut-outs.

### PROTECTIVE FOAM (RG41)

- The foam is  $\frac{1}{4}$ " thick and protects stored material from impact and from damage caused by metal rubbing against metal;
- Oil-resistant and non-absorbent.

### PVC DRAWER LINER (RG40)

- The non-skid surface protects stored material;
- Thickness:  $\frac{3}{32}$ ";
- Sold by drawer dimensions or in rolls 7' wide  $\times$  100' long;
- Compatible with partitions and dividers.

### PARTITIONS AND DIVIDERS (RG00 / RG01 / RG10)

- Our front to back and left to right partitions have dividers that are clipped in place;
- The layout connection system (snap-on) keeps the dividers in place (clipped in without screws) and reduces noise caused by vibrations.

### PLASTIC BINS (RG20)

- Our plastic bins simplify storing, moving and management of small items;
- The 45 degree angle allows for easy identification and removal of bins;
- They have been designed for 3" and 4" high drawers.

NOTE: partitions and dividers also available (RG22 / RG24).

### LABEL HOLDER FOR DIVIDERS OR PLASTIC BINS (RG51 / RG52 / RG54 / RG55)

- Can be used with dividers or plastic bins;
- Once in place, the label holders adhere well and do not come off when removing objects;
- Contents of each compartment can be easily identified.

NOTE: Paper strips (RG53) are available in packs of 200.

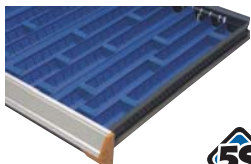

### LOCK-IN MECHANISM (A)

- Stops drawer from opening on its own;
- Designed to make it easy to open and close the drawer with one hand only.

### DRAWER LOCK (L3)

- Allows one drawer to be locked;
- Compatible with all drawer dimensions.

### STORAGE TRAYS (RG35)

- Useful in storing and protecting long objects;
- Blue color for easy retrieval of parts;
- Designed for 3" and 4" high drawers.

### HANDLE PROTECTOR (RF70)

- Protects identification labels from dust, grease and dirt;
- Made of transparent matte finished plastic that eliminates glare;
- Installs by clipping onto the drawer or roll-out shelf handle.

NOTE: Refer to G01 General Catalog for complete product numbers.

# SMALL AND MEDIUM PARTS STORAGE

## SHELVING ACCESSORIES

With our shelving accessories, you can take full advantage of all available space and also resolve your storage challenges. The unique shape of the Spider® post is a Rousseau Metal inc. trademark

### BACK OR SIDE UTILITY PANELS

With the utility panel, you can store parts that you need close by and make the most of the space available on the sides or inside the shelving.

- Compatible with light-duty and heavy-duty hooks WM9F, WM9G, WM9H, WM9J, WM9A and WM9B hooks;
- Also compatible with WM9C, WM9D, WM9L, WM9N, WM9M, WM9Q supports and WM21 tilttable shelf;
- The holes are spaced 1" c/c, giving you many possibilities when configuring your hooks.

# SMALL AND MEDIUM PARTS STORAGE

## HEAVY-DUTY HOOKS

Can be used to store various types of parts and tools adequately.

- Clips onto (SH67 / SH68 / SH69 / SH79 / SR79) panels;
- Capacity: 50 lb.;
- Available in a square or round shape.

## CAN HOLDER

Can be used to organize and store various aerosol cans.

- Clips onto (SH67 / SH68 / SH69 / SH79 / SR79) panels;
- Also suitable for beverage cans;
- The 6" wide model can be used to store 2 cans (standard sizes) and the 15" wide model can contain 5 cans.

PRODUCT #	TYPE OF HOOK	LENGTH
WM9A-06	Square	6"
WM9A-12	Square	12"
WM9B-06	Round	6"
WM9B-12	Round	12"

PRODUCT #	W × D × H
WM9D-06	6" × 3" × 4"
WM9D-15	15" × 3" × 4"

## PLASTIC BIN RAIL

Facilitates the integration and management of small parts in a 5S storage system.

- Clips onto (SH67 / SH68 / SH69 / SH79 / SR79) panels;
- Can be used to include plastic bins (RG20).

PRODUCT #	W × H
WM9C-06	6" × 3"
WM9C-15	15" × 3"

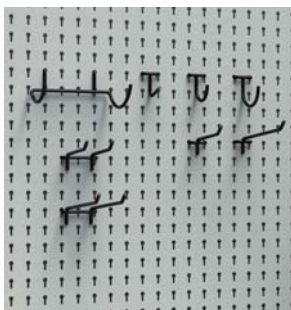

## TILTABLE SHELF

Designed to support parts, plastic bins and boxes.

- Clips onto (SH67 / SH68 / SH69 / SH79 / SR79) panels;
- The shelf can be angled at 15° to easily find what your looking for;
- The shelf is reversible and its edge may serve as a back stop for plastic bins or binders.

PRODUCT #	W × D
WM21-1308	13" × 8"
WM21-1312	13" × 12"
WM21-1508	15" × 8"
WM21-1512	15" × 12"
WM21-3108	31" × 8"
WM21-3112	31" × 12"

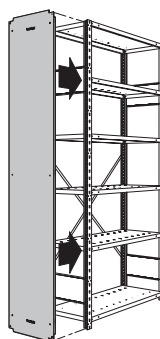

## LIGHT-DUTY HOOKS

Our hooks can be used to store many different parts, tools and accessories. They are compatible with most panels currently on the market (holes are 1/4" in diameter), in addition to Rousseau utility panels (SH67, SH68, SH69, SH79, SR79);

- Color: black.

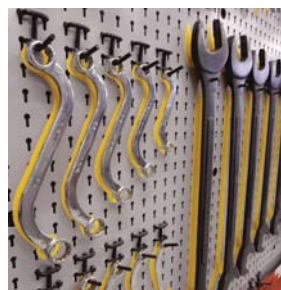

## FINISHING PANEL

- Finishing panel for end-of-aisle shelving units;
- Quick and easy hook-on assembly;
- Creates a neater appearance;
- Compatible with certain multi-level shelving applications. Contact Customer Service for more information.

PRODUCT #	HEIGHT

# SMALL AND MEDIUM PARTS STORAGE

SRE3205

## SOLID DOORS WITH FRAME

Designed for shelving with or without drawers, Rousseau doors store equipment safely and protect it from dirt.

- Ideal for expensive parts, such as car radios;
- Doors open 180° with a locking mechanism integrated into the handle.

PRODUCT #	WIDTH
SH41-36__L3	36"
SH41-48__L3	48"

NOTES: Complete the product number by choosing the desired height: 39", 41", 51", 53", 63", 75", 87" or 99";

Two types of lock available: L3 for a standard lock or L50 for an electronic door lock.

SRE3204

## POLYCARBONATE DOORS WITH FRAME

Designed for shelving with or without drawers, Rousseau doors store equipment safely and protect it from dirt.

- Ideal for expensive parts, such as promotional items;
- Doors with polycarbonate panels ensure you can see contents;
- Excellent impact resistance;
- Doors open 180° with a locking mechanism integrated into the handle.

PRODUCT #	WIDTH
SH43-36__L3	36"
SH43-48__L3	48"

NOTES: Complete the product number by choosing the desired height: 39", 41", 51", 53", 63", 75", 87" or 99";

Two types of lock available: L3 for a standard lock or L50 for an electronic door lock.

R5SEE-871813

## STACKED SOLID DOORS WITH FRAME

Installed in the top part of Spider® Shelving, they are designed to be installed over a bank of drawers.

- Ideal for storage and keeping work areas tidy;
- They are perfect for storing expensive parts or parts less in demand;
- Doors open fully on 180° hinges, allowing shelving contents to be visible and accessed easily;
- Sturdy handle includes a lock;
- To know the possible dimensions, see tech sheet S64.

NOTE: Two types of lock available: L3 for a standard lock or L50 for an electronic door lock.

R5SEE-871815

## STACKED POLYCARBONATE DOORS WITH FRAME

Installed in the top part of Spider® Shelving, they are designed to be installed over a bank of drawers.

- Ideal for storage and keeping work areas tidy;
- Polycarbonate surface allows shelving contents to remain visible and has excellent impact resistance;
- Ideal for storing expensive parts or slow-moving inventory;
- Doors open fully on 180° hinges, allowing shelving contents to be visible and accessed easily;
- Sturdy handle includes a lock;
- To know the possible dimensions, see tech sheet S64.

NOTE: Two types of lock available: L3 for a standard lock or L50 for an electronic door lock.

## DOORS' ADVANTAGES

Door opens by turning handle left or right.

Door closes with a simple push.

Electronic lock: easier management of door access permissions.

R5SEE-871807

R5SEE-871811

Important : Refer to tech sheet S64 Spider® Shelving Doors-Layouts and dimensions for recommended configurations and possible combinations.

The battery platforms are angled 15° in order to improve the rotation of the batteries (first in - first out).

- Each level has a stop at the front and 2 guides on the sides to keep the batteries from accidentally falling out;
- The 87" H proposals also include one steel decking level.

W x D x H	BATTERY LEVELS	PRODUCT #
36" x 36" x 39"	2	SRP0464_
36" x 36" x 51"	3	SRP0465_
48" x 36" x 75"	4	SRP0460_
48" x 48" x 75"	4	SRP0461_
48" x 36" x 87"	4	SRP0462_
48" x 48" x 87"	4	SRP0463_

NOTES: Mobility available only for starter unit and for rack of 75" height or less.

For an add-on unit, complete the product number with **A**. For a mobile rack, complete the product number with **M**.

WMA3510

## DOUBLE BUMPER COVER RACK

The double rack can hold up to 12 bumper covers. Several models are available, fixed and mobile.

- The supports are easily reconfigured or removed when they are not needed, without tools. They are easily stored.

W x D x H	MODEL	PRODUCT #
45" x 42" x 85 1/2"	Standard version	WMA3510
45" x 42" x 87"	With leveling glide kit	WMA3511
45" x 42" x 91"	With 4" casters: 2 rigid and 2 swivel with total-lock	WMA3512
45" x 42" x 91"	With 4" casters: 2 swivel and 2 swivel with total-lock brake	WMA3513

## WALL-MOUNTED BUMPER COVER RACK

The wall-mounted rack can hold up to 6 bumper covers.

- The supports are easily reconfigured or removed when they are not needed, without tools. They are easily stored;
- The wall-mounted multi-purpose stand has a 300lb. capacity (wall and wall anchoring must be strong enough).

W x D x H	PRODUCT #
45" x 23" x 72"	WMP1000

## RECORD STORAGE SYSTEM

Save 10% - 15% more space than if using other similar products on the market.

- Designed with the popular sizes of record storage boxes in mind;
- Up to 80 box capacity;
- Shelving and Mini-Racking are available in many dimensions. Contact our specialists.

## KEY CUTTING STATION

This unit makes cutting keys easy with everything within hands reach.

- 1 roll-out shelf, opens 100% for cutting machine;
- 2 - 3" drawers for storing keys and small parts;
- 4 steel shelf levels for storing bulky items.

W x D x H	PRODUCT #
36" x 24" x 87"	R5SEE-871202

# LARGE PARTS STORAGE

## MINI-RACKING FOR LARGE PARTS

SRP0286

Mini-Racking is designed for storing heavy and bulky parts. Its many dimensions, combined with a choice of decking, make it possible to have a custom configuration tailored to your own needs.

Rousseau offers 3 possibilities: steel decking, wire-mesh decking, and wood decking.

### MINI-RACKING WITH CHOICE OF PLATFORMS

#### STEEL

To order a unit with steel shelves, complete the product number with an **S**.

SRB5127S

SRE5127S

#### WIRE

To order a unit with wire shelves, complete the product number with a **W**. Available for units 48", 60", 72" and 96" W and 24", 36" and 48" in depth.

SRB5127W

SRE5127W

#### WOOD

To order a unit without decking (E.g., for use with wood panels), leave the number as is.

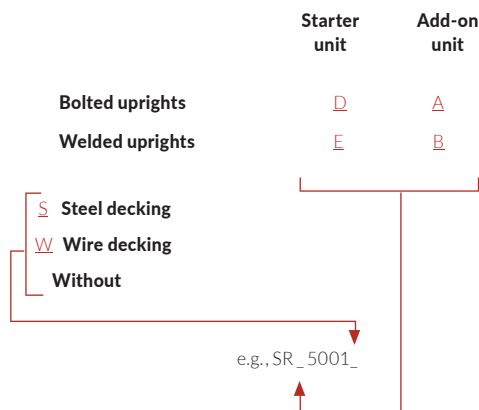

SRB5127

SRE5127

#### HOW TO ORDER

When ordering, model numbers must be completed as follows:

e.g., SRD5001S

For a starter unit (48" W x 18" D x 75" H) with bolted uprights, including steel decking.

#### MINI-RACKING WITH MEDIUM AND HEAVY-DUTY BEAMS

			48"	SR_5213_ SR_5233_

\* These dimensions are suitable for Mini-Racking and back-to-back shelving.

NOTES: The steel decking has a greater capacity than wood.  
Wire decking reduces fire hazard.  
Wood panels are not provided by Rousseau.

# LARGE PARTS STORAGE

## MOBILE MINI-RACKING FOR LARGE PARTS

SRE4545SM

Mobile Mini-Racking is designed to move parts, tools, heavy or bulky items.

Rousseau offers 3 possibilities: steel decking, wire-mesh decking and wood decking.

- Proposals include the mobile Mini-Racking base with 4" casters, 2 swivels with total-lock brake system and 2 rigids;
- Models with a 36" or 48" wide base include the handle for mobile Mini-Racking;
- Capacity: 1000 lb. per base;
- All models are quick and easy to assemble and can be disassembled when not in use.

### MOBILE MINI-RACKING WITH CHOICE OF PLATFORMS

#### STEEL

To order a unit with steel shelves, complete the product number with an **S**.

SRE4515SM

#### WIRE

To order a unit with wire shelves, complete the product number with a **W**;  
Not compatible with 18" depth.

SRE4515WM

#### WOOD

To order a unit without decking (E.g., for use with wood panels), leave the number as is.

SRE4515M

#### HOW TO ORDER

When ordering, model numbers must be completed as follows:

Bolted uprights  
Welded uprights

**D**  
**E**

Steel decking  
Wire decking  
Without

**S**  
**W**  
**-**

e.g., SR\_4515\_M

**e.g., SRE4515SM**

For a unit with welded uprights 36" D x 75" H, including steel decking and mobile base of 60" W x 36" D with 4" casters.

#### MOBILE MINI-RACKING WITH MEDIUM AND HEAVY-DUTY BEAMS

Wood panels are not provided by Rousseau.

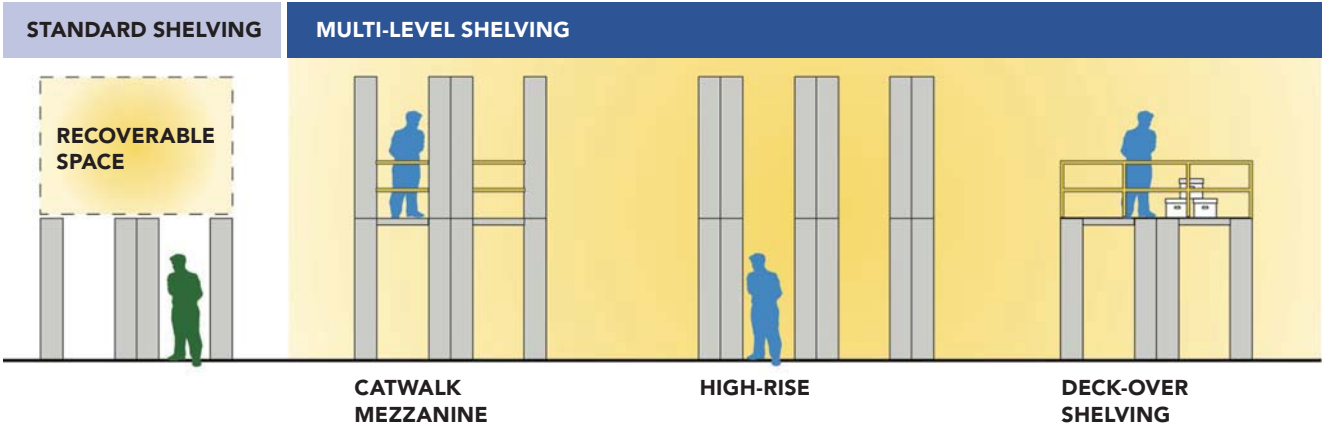

# MULTI-LEVEL SHELVING SYSTEM

## SHORT ON SPACE?

**ARE YOU EXPERIENCING A LACK OF SPACE?  
BEFORE BUILDING ON AN ADDITION, CONSIDER ROUSSEAU MULTI-LEVEL SHELVING.**

Our specialists will suggest solutions that will avoid obstacles at your establishment such as beams, columns, doors, ventilation ducts, building structure and sprinkler systems.

Our system maximizes your storage possibilities by combining shelving, (with or without drawers), mini-racking and specialized storage (tire and battery racks, etc.).

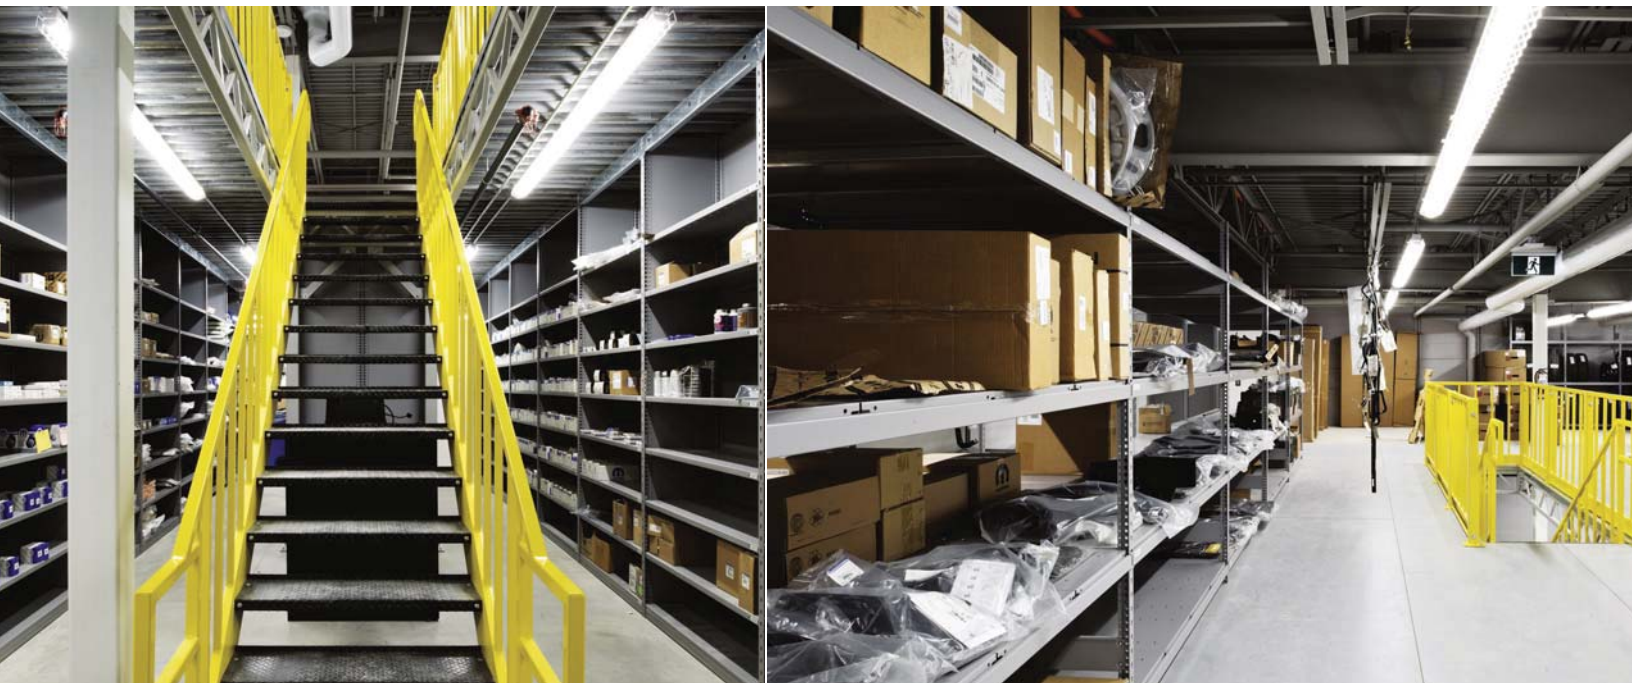

# MULTI-LEVEL SHELVING SYSTEM

## EXPERTISE THAT LEAVES NOTHING TO CHANCE

The multi-level shelving system is subject to standards and recommendations in earthquake-prone regions.

The Rousseau team is available to assist you in determining your shelving and sway bracing for multilevel shelving system projects.

Call us, and our experts will evaluate your requirements and specifications to deliver a system that will respond to your needs.

USE THE SECOND LEVEL TO STORE LARGER PARTS AND SPECIALIZED PARTS.

99-103

OUR ACCESSORIES ARE PERFECT FOR STORING SMALL AND MEDIUM-SIZED PARTS.

94-98

# MULTITEK CART - MATERIAL HANDLING NEW

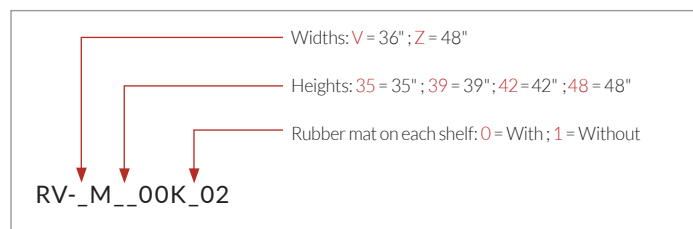

## ERGONOMIC AND VERSATILE

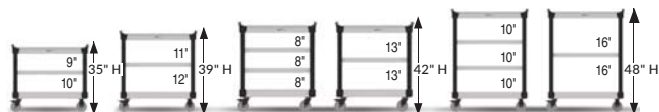

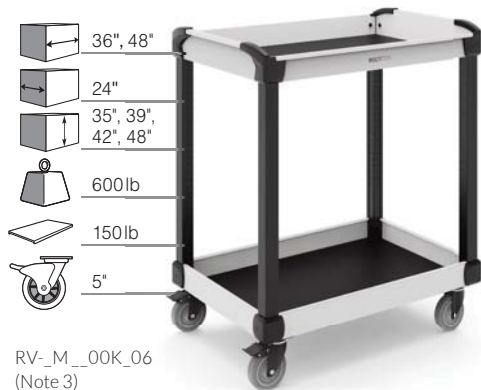

The MultiTek Cart is ideal for transporting large parts. You will find it quickly becomes indispensable in your parts department.

- Each shelf can be lined with a rubber mat;
- Each shelf has a capacity of 150lbs for a maximum of 600lbs per cart.

You can find other preconfigured models (dimensions and accessories) on [pages 64 to 69](#).

NOTES 1: For compatible hooks see [page 113](#).  
2: Available for 42" and 48" height.  
3: Sold unassembled.

# WORKSTATIONS

## OPTIMIZE YOUR WORKSPACE

In order to optimize your work area, Rousseau offers workstations that are tailored to your needs. Whether you are looking for a basic work table or a cabinet under a work surface, we have many options to propose to you. There is an infinite variety of layouts for our workstations, both above and below the work surface. The vast range of accessories available means the number of possible configurations is unlimited.

With their heavy-duty and ingenious design, our workstations will meet all of your expectations. You will appreciate their ability to satisfy your varied needs: computer station, workstation for copying keys, packaging or shipping and much more.

### BASIC WORKBENCH

A high-quality bench that offers numerous dimensions and work tops.

### RECEIVING WORKSTATION AND INVENTORY CONTROL

Allows merchandise to be inspected effectively upon arrival.

- Includes steel shelf under worksurface;
- One riser shelf support and one riser shelf support with 3 12A electrical outlets and 2 USB ports.

W x D x H	PRODUCT #
60" x 30" x 50"	WSA2006

# SERVICE COUNTERS

## MAXIMIZE YOUR SERVICE

In order to provide rapid and efficient service to your internal and external clients, make sure you have the most asked-for parts on hand, directly at the service counter!

Adding drawers under the work surface provides high-density storage. You can also reach more parts without having to move. Moreover, we suggest that you combine shelves and drawers to maximize the efficiency of the storage for parts with a high turnover.

Rousseau service counters have been designed to be welcoming for your customers while also providing an efficient and ergonomic workspace. You will love the distinctive look of our new corner service counters. With an attractive finish and the option to personalize stainless steel front panels, you can proudly display your logo and highlight your brand image. See [page 86](#) for more details.

### CORNER SERVICE COUNTER, CONFIGURATION 1830: 15 DRAWERS

This counter allows you to keep frequently used parts within arm's reach. With a 24" wide leg space, it is easy to work at the counter or store the chair as needed.

- Left bank (24"W):  
3- 4" drawers  
1- 6" drawer  
1- 8" drawer
- Right bank (2 × 36"W):  
3- 4" drawers × 2 = 6- 4" drawers  
1- 6" drawer × 2 = 2- 6" drawers  
1- 8" drawer × 2 = 2- 8" drawers
- Center section (24"W): Leg

# CABINET FOR SPECIALIZED TOOLS

## UNEQUALED FLEXIBILITY

We know how valuable your specialized tools are and how important it is to keep them protected and secure. Our drawer accessories are designed to protect your valuable tools no matter what their shape or size, while also providing easy access. Furthermore, all of our locking mechanisms are secure and provide control of inventory.

The Rousseau cabinet comes in 7 different widths, each offered in different depths, for a total of 15 combinations, each available in 6 heights. Add to that 10 drawer heights and you have an incredible choice of layout possibilities. No matter what tools you have, we can store them! Here are a few possible options:

### 11 DRAWERS

# 5S STORAGE FOR LEAN MANUFACTURING

## EFFICIENT ORGANIZATION OF THE WORK SPACE

The Japanese 5S method focuses on sorting, straightening or setting in order, sweeping or shining, standardizing and sustaining the practice. This method ensures that the various tools and parts are stored according to their purpose and the frequency with which they are used, in a manner that is clear and well identified. Each item has its place, which reduces wasted time and lost items. With this method, the work environment is standardized so as to ensure the best organization possible while enhancing working conditions and team morale. Moreover, this means that less time and money are wasted. Here are several Rousseau accessories that will enable you to integrate the 5S method for lean manufacturing in the storage solution for the parts department of your automobile dealership.

### WALL-MOUNTED UTILITY PANEL

- Can be used to organize a wide variety of items of different sizes and weights in the same system;
- Compatible with light-duty and heavy-duty hooks, vinyl rub-on identification decal, plastic bin rail, can holder and tiltable shelf;
- 16"W: Vertical installation and conforms with architectural standards with uprights spaced 16" c/c;
- A finishing piece (WM58 and WM5D) is available as an option to provide a perfect look at the right side;
- Available in painted steel and stainless steel.

PRODUCT #	FINISH	WIDTH

Our 5S logo is used throughout the brochure to identify Rousseau products that can easily integrate a 5S methodology.

# 5S STORAGE FOR LEAN MANUFACTURING

## HEAVY-DUTY HOOKS

- Can be used to store various types of parts and tools adequately on the wall panel system;
- Capacity: 50 lb.;
- Available with a square or round shape.

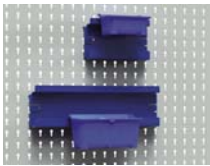

PRODUCT #	TYPE OF HOOK	LENGTH
WM9A-06	Square	6"
WM9A-12	Square	12"
WM9B-06	Round	6"
WM9B-12	Round	12"

## CAN HOLDER

- Can be used to organize and store various aerosol cans;
- Also suitable for beverage cans;
- The 6" wide model can be used to store 2 cans (standard sizes) and the 15" wide model can contain 5 cans.

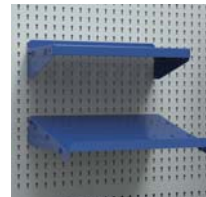

PRODUCT #	W × D × H
WM9D-06	6" × 3" × 4"
WM9D-15	15" × 3" × 4"

## PLASTIC BIN RAIL

- Facilitates the integration and management of small parts in a 5S storage system;
- Compatible with plastic bins (RG20).

PRODUCT #	W × H
WM9C-06	6" × 3"
WM9C-15	15" × 3"

## TILTABLE SHELF

- Slotted to receive SH52 dividers at every 2" c/c;
- The shelf can be angled at 15° to easily find what you're looking for;
- The shelf is reversible and its edge may serve as a back stop for plastic bins or binders;
- Capacity: 50 lb., evenly distributed load.

PRODUCT #	W × D
WM21-1308	13" × 8"
WM21-1312	13" × 12"
WM21-1508	15" × 8"
WM21-1512	15" × 12"
WM21-3108	31" × 8"
WM21-3112	31" × 12"

## PLIERS HOLDER

Holds up to 6 pliers.

PRODUCT #	W × D × H
WM9M-01	9" × 2 1/2" × 2"

## SCREWDRIVERS HOLDER

Holds 6 to 12 screwdrivers.

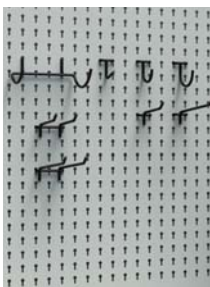

PRODUCT #	W × D × H	VERSION
WM9N-01	9" × 1 1/2" × 2"	Single
WM9N-02	9" × 3 3/16" × 2"	Double

## LONG TOOL HOLDER

- For storing long tools, e.g., pry bars;
- Holds up to 3 long tools;
- Space available for two smaller tools, e.g., screwdrivers.

PRODUCT #	W × D × H
WM9Q-08	8" × 3" × 4"

## LIGHT-DUTY HOOKS

Our hooks can be used to store many different parts, tools and accessories. They are compatible with most panels currently on the market (holes are 1/4" in diameter), in addition to Rousseau utility panels;

- Color: black.

PRODUCT #	TYPE / PACK OF	DIMENSIONS
WM9F-150	Straight Arm Hooks / 20	1 1/2" D
WM9G-150	Single Loop Hooks / 20	1 1/2" diameter
WM9G-200	Single Loop Hooks / 20	2" diameter
WM9H-03	Double Back Single Hooks / 10	3" D
WM9H-05	Double Back Single Hooks / 10	5" D
WM9J-03	Double Back Double Hooks / 10	3" D
WM9J-05	Double Back Double Hooks / 10	5" D
WM9L-01	Drill Holder / 1	5" W × 3 1/2" D
WM9N-01	Screwdriver Holder / 1	9" W × 1 1/2" D × 2" H
WM9N-02	Screwdriver Holder / 2	9" W × 3 3/16" D × 2" H
WM9M-01	Plier Holder / 1	9" W × 2 1/2" D × 2" H

# CASE STUDIES

## TEAM FORD EDMONTON (AB)

### CHALLENGE:

Having decided to build a new venue for its dealership, the Team Ford needed to update its service and parts departments.

### OBJECTIVE:

To build a functional and attractive service department for technicians, and an efficient and industry-adapted storage system for the parts department.

### ROUSSEAU SOLUTION:

Workstations for GT technicians for the service department, and Spider® shelving and mini-racking as well as drawers in shelving for the parts department.

The Team Ford dealership had been operating out of the same building for nearly thirty years when they decided to demolish and replace it with a more modern construction. At the same time, they decided to completely revamp their storage and workstations that their employees would be using.

Steve Yakimchuk, the service manager, and Kirk Rendall, the parts manager, contacted various automobile dealerships in the region to see what solutions they were using. As part of a larger automobile group which consists of 32 dealerships, Team Ford's managers had access to a number of businesses such as theirs which would have used different manufacturers for similar projects. They researched solutions among newer dealerships, but also at older ones that were built 10 to 15 years ago in order to see how the products evolved over time. They selected a few manufacturing companies to bid on their project, including Rousseau Metal Inc.

It's then that John Fontaine, a regional sales rep for Waymarc Industries and specialist in Rousseau products met with the Team Ford to present them with a variety of options.

Mr. Fontaine describes the work that went into the new parts

department: "Together with Shawn Larson, Waymarc's head designer, we worked on designing benches that would work for each technician, yet have the wall to wall design the customer wanted with no spaces between the benches". The Rousseau expert also ensured that each technician had enough storage for his tools and that space was organized with attention to aesthetics, so that, for example, the levelling glide was concealed and out of sight. When it came to the parts department, John Fontaine and Shawn Larson worked closely with Kirk Rendall to create the best possible plan for the space that Team Ford had allocated. When talking about working with Waymarc, the local Rousseau expert, Steve Yakimchuk of Team Ford stated, "They pretty much helped me from start to finish. I had a general idea of what I wanted and through poorly drawn sketches and short conversations, he came back to me with some proposed layouts and we worked to refine what we had. Their expertise is what got me to what I got now."

In the end, the Rousseau workstations gave the service department a clean and organized look and sufficient storage for each employee, with heavy-duty products that will last them for years to come. And in its new parts department, Team Ford now stores small parts in the shelving drawers, and its larger items in the mini-racking units. Hanging panels installed at the end of aisles can be used for hanging other items. Finally, the storage units specially designed for the auto industry, mainly mini-racking with rails and hooks, allow for storage of objects that are irregular in shape.

Steve Yakimchuk maintains that the service department "is a better environment. Visually, when you walk into our shop, it is organized. Because we have wall-to-wall Rousseau, each technician gets a greater work surface than if they had their own toolbox. That is probably one of the biggest benefits." One of the effects of the project that was not expected, according to the service manager, is the increased ability for Team Ford to attract new employees. He explains that "In Alberta, it is extremely

difficult to find technicians. We have an employee shortage out here." With the new storage, potential technicians are truly impressed and want to work in such a well-structured environment.

Happy with the results, the parts manager at Team Ford recounts his experience with Rousseau, "We basically looked at all the products out there and at the end, I felt that Rousseau's options were better. The big thing I like with Rousseau is their willingness to work with you and do some custom-type work. The quality is great. I think right now it is the best product available out there." John Fontaine attributes much of the success of the project to the easy collaboration with Rousseau: "There were many people at Rousseau who were involved in the success of getting this project to completion. Gerald Gustavson, Rousseau's regional manager, and Jody Smith, Rousseau's project manager, worked hard to meet all of my demands and requests that were extremely unique. Not many companies would have the resources or willingness to do this but Rousseau did."

The people at Team Ford have now been working out of their new building for a few months and have been very satisfied with Rousseau products. "It is definitely what I would recommend. There is all the combination of shelving and drawers and all that you need custom built for your situation."

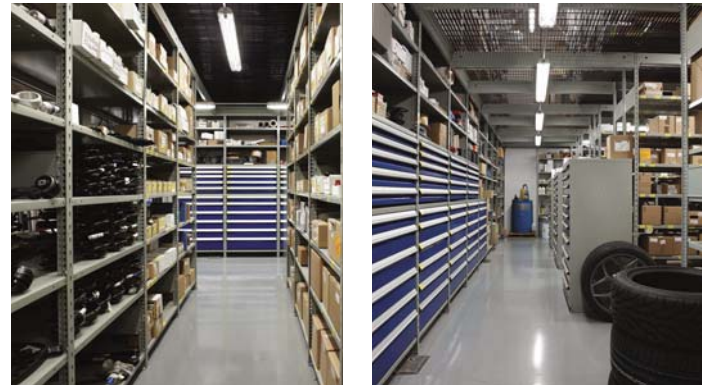

# CASE STUDIES

## BMW MISSISSAUGA (ON)

"He was always available to talk to us. He asked questions about our needs and he presented us with his proposal. I liked their solution very much." This is what Mr. Copeland had to say about our automotive specialist Mike de Prinse. He loved his experience! After a week of working on the project, our distributor was successful in presenting the client with a customized solution, adapted to their specific needs. Quality, modularity, flexibility and efficiency were all combined to provide a personalized solution. The excellent team work between Mr. Copeland and Mr. de Prinse was the key to the success of this project!

"Our parts department had a problem with lack of space. It is impressive to see how the layout of the shelving, drawers and accessories in the parts department has made storing all of our materials in a limited space possible, while also maximizing the work environment and storage. The productivity in the parts department has significantly increased since installing these solutions!"

### CHALLENGE

Find the ideal solution to maximize the space in the parts department at BMW Mississauga, and by doing so, assemble the entire inventory in one place.

### OBJECTIVE

Create a storage solution that would allow the client to solve the problem of having little space in the parts department, using Spider® Shelving Systems and Rousseau drawers.

### ROUSSEAU ADVANTAGES

BMW Mississauga is a prestigious car dealership which serves a huge client base in the Greater Toronto Area, in Canada. This very busy garage was looking for a solution for their lack of space in the existing parts department.

When Derek Copeland, Parts Manager at BMW Mississauga, came to the conclusion that the parts department needed to be renovated, he had already made his decision on which option to go with. The owner of this high end dealership owns several other dealerships, among them a Ferrari dealership where he had selected Rousseau Storage Solutions in the past. He was so satisfied with the results that he knew right away he would use Rousseau systems for his BMW parts department to get the customized solution he needed.

### FINAL COMMENTS FROM DEREK COPELAND

Here is what Mr. Copeland noticed most about Rousseau Storage Systems: "Durability and quality are what best describe Rousseau. Their modular storage materials allow you to create infinite configurations".
