

Finances Are Better When Everything and Everyone Is in Sync

When your customers sync their bank accounts to FINSYNC, they benefit with faster payments, affordable payroll, automated accounting, cash flow projections, and the ability to get in sync with you online.

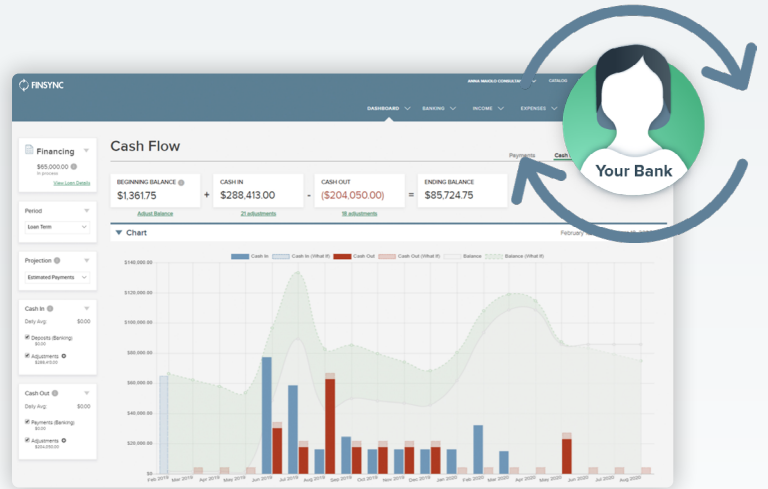

Before your customers sync their accounts, they first search our bank and credit union listings to confirm we support your bank.

At no charge, you can customize your listing, offer FINSYNC at a discount to your customers, and receive the following benefits:

- ✓ Co-branded listing
- ✓ Discount to provide your valued customers
- ✓ Revenue share to you

Optionally, you can join as a Member of the Network or Charter Member and receive:

- ✓ Online financing tools and support
- ✓ Marketing services
- ✓ Enhanced revenue share
- ✓ Other benefits

By customizing your listing, your customers receive the discount and you receive the revenue share whether you referred them or they came to FINSYNC on their own.

This is an investment we make to help banks build more lasting and rewarding relationships with customers and strengthen our mission to help businesses succeed with innovative software and unmatched services.
