

**PREMIUM AUSTRALIAN PRODUCE**

Qukes® are loved for their sweet taste, cool crunch and ideal snack size. They are not just regular cucumbers picked early, they're actually a unique variety that's made to be mini. They're picked when they're full grown at only 8 to 12cm long and have a crispy mild skin and a refreshing cleansing taste.

Qukes® are ideal additions to kids lunchboxes. Pop them in whole, as sticks for dips or get creative and roll them in sandwiches for sushi-style bites.

## SEASONALITY

Jan Feb Mar Apr May Jun Jul Aug Sep Oct Nov Dec
