Integrating TA Into Analysis

84.51°'s DATA OFFERS UNMATCHED CUSTOMER

60MM

Households

1 out of 2 households in the U.S.
over 95% of transactions
captured

Kroger FRESH FOR EVERYONE™

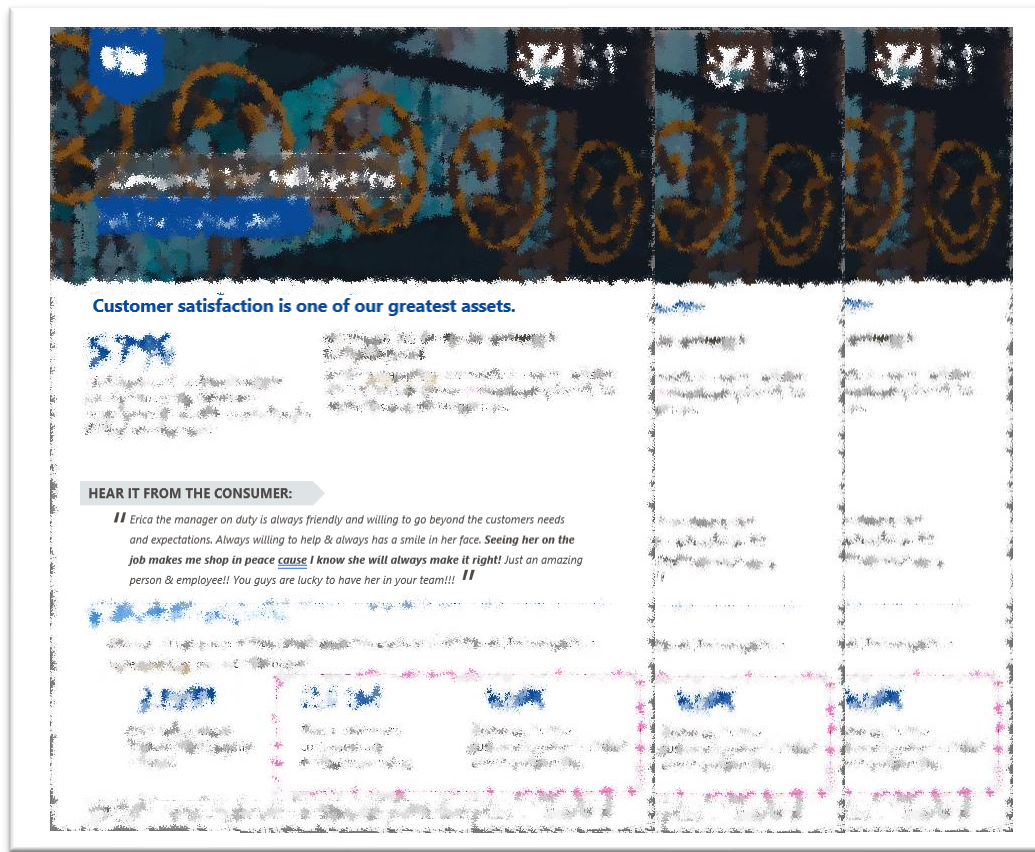

About Our Team & Use Case

- The Foundational Research Pillar of Consumer Research at 84.51° is responsible for large, typically ongoing, research projects to support the business
- Customer Trip Satisfaction survey: 14M responses/year

The image displays a screenshot of the Kroger Customer Trip Satisfaction survey form, overlaid with a sample Kroger receipt. The survey form features a header with various Kroger brand logos (Kroger, Fred Meyer, Fry's, KING, Dillons, City Market, Ralphs, Baker's, Foods Co, QFC, Gorbes, Owen's, Mariano's, Pick 'n Save, metro market). Below the logos, it prompts the user to "Please fill in the following information from your receipt." and provides three numbered input fields: 1) Date (with a calendar icon), 2) Time (with dropdown menus for hour, minute, and second), and 3) Entry ID (with a grid of boxes for digits). A blue "Start" button and a green "Español" button are located below the input fields. The sample receipt, titled "Kroger Fresh food. Low prices.", shows a transaction from 11450 Grooms Rd. with a cashier named Michigan CE Lab. The receipt lists items like KROGER PLUS CUSTOMER, KROGER EGGS, and TAX, along with a balance and cash payment. It also includes a promotional message: "Tell Us How We Are Doing! Earn 50 BONUS FUEL POINTS! Plus, enter our monthly Sweepstakes: for ONE OF 100 - \$100 gift cards and ONE \$5,000 gift card grand prize! Go to www.krogerfeedback.com within 2 days. Enter the information below: Date: 05/29/19 Time: 03:42pm Entry ID: 018-222-7-967-1-8. Limit one 50 fuel pt bonus per 7 days. No purchase necessary to enter sweepstakes. See website for official sweepstakes rules." The footer of the survey form contains copyright information: "© 2019 SMG. All rights reserved." and links to "SMG Terms of Service", "SMG Privacy Policy", "Privacy Policy", "Sweepstakes Rules", and "Sweepstakes Winners".

How We Started

<input type="checkbox"/>	Comment Date	Unit	Survey Item	Comment Text
<input type="checkbox"/>	11/15/2020 8:54:28 AM	0110439 - Waycross	Why Highly Satisfied - Store	My store stores all items in stock very friendly employees
<input type="checkbox"/>	11/15/2020 8:35:57 AM	0110439 - Waycross	Additional Feedback - Store	We provide both new goods help
<input type="checkbox"/>	11/16/2020 8:35:57 AM	0110439 - Waycross	Why Highly Satisfied - Store	We provide both new goods help
<input type="checkbox"/>	11/16/2020 6:24:10 AM	0110439 - Waycross	Why Satisfied - Store	Best highly satisfied. One of several items
<input type="checkbox"/>	11/16/2020 4:37:49 AM	0110439 - Waycross	Why Highly Satisfied - Store	Everyone is always so helpful and friendly
<input type="checkbox"/>	11/16/2020 4:37:49 AM	0110439 - Waycross	Additional Feedback - Store	I was satisfied
<input type="checkbox"/>	11/15/2020 6:52:15 PM	0110439 - Waycross	Additional Feedback - Store	Please use Code Card to bring back the discontinued regular Cakes
<input type="checkbox"/>	11/15/2020 6:52:15 PM	0110439 - Waycross	Why Satisfied - Store	Most of the items on my list were in stock. Even though it was very busy, thank you very friendly and efficient.
<input type="checkbox"/>	11/15/2020 1:26:38 PM	0110439 - Waycross	Why Highly Satisfied - Store	was able to stock up on cake items before the holidays
<input type="checkbox"/>	11/15/2020 1:26:38 PM	0110439 - Waycross	Additional Feedback - Store	No additional feedback at this time
<input type="checkbox"/>	11/15/2020 8:25:01 AM	0110439 - Waycross	Why Highly Satisfied - Store	The store was clean, accurate and helpful. I was able to go in get what I came for and get standard and in a timely manner.
<input type="checkbox"/>	11/15/2020 8:25:01 AM	0110439 - Waycross	Additional Feedback - Store	The staff made our machines work great!
<input type="checkbox"/>	11/15/2020 7:42:41 AM	0110439 - Waycross	Why Highly Satisfied - Store	Found everything I need. Great the people. Satisfaction product?
<input type="checkbox"/>	11/14/2020 5:49:32 PM	0110439 - Waycross	Why Neither Satisfied nor Dissatisfied - Store	got a better offer after shopping. Search is made for each person and they do keep from getting bored. The customers are well stocked, especially frozen foods. All items of the store were present and well. The staff is more open and it is up to us to find to get anyone to work on you. If possible see... (Link)
<input type="checkbox"/>	11/14/2020 5:49:32 PM	0110439 - Waycross	Additional Feedback - Store	It was so good to complete to this survey. I can use the upper management team and use the store employees to help. They follow the example and follow them. Thank you for Public just with my store close.

Why Text Analytics?

1. High volume of unstructured data
2. High degree of subjectivity
3. Challenges from data to insights

Over 1.4 Million

Comments received in 2019 from our customers

Why Text Analytics?

1. High volume of unstructured data
2. High degree of subjectivity
3. Challenges from data to insights

Why Text Analytics?

1. High volume of unstructured data
2. High degree of subjectivity
3. Challenges from data to insights

Why We Chose Topic Modeling

There are many different types of text analytics:

- Natural Language Processing (NLP)
- Manual coding
- Sentiment analysis
- Bigrams
- Etc.

Benefits of Topic Modeling:

- Comparatively easy to understand
- No black boxes
- Enough researcher control

Drawbacks:

- Sentiment not included
- Manual coding still required

Our Approach

Our Topic Model Process

1. Comments are imported and broken down to their root words in Python
2. The model analyzes word relationships to determine the optimal number of topics
3. Each comment is assigned to a topic
4. Output for interpreting the model is generated
5. Researcher reads a sample of about 20 representative comments for each topic to name the topic

OSAT_Comment_raw (

AWFUL EXPERIENCE WHILE HEADING DOWN THE CRACKER ISLE I WAS CUT OFF
 BY A STAFF MEMBER THAT PROCEEDED TO YELL IN MY OPINION TO A CO
 WORKER THAT STUFF NEEDED TO GET DONE THEN ON THE SHAMPOO ISLE TO
 EMPLOYEES WE RE TALKING ABOUT HOW HORRIBLE A PARTICULAR MEMBER OF
 MANAGEMENT WAS THEN IN PHARMACY AGAIN COWORKERS WERE TALKING
 ABOUT MANAGEMENT PLAYS FAVORITISM AWFUL SHOPPING EXPERIENCE GLAD
 I DON T LIVE IN THE AREA AND I WAS JUST PASSING THROUGH

IT IS BAD ENOUGH THAT RETAIL STORES ARE REPLACING HUMANS WITH SELF
 SERVICE COUNTERS BUT TO HAVE NO CHECK OUT LANES OPEN BEFORE IS
 RIDICULOUS THIS IS ONE OF THE CRAZIEST TIMES OF THE DAY WHEN PEOPLE
 ARE HURRYING INTO THE STORE BEFORE WORK THE SELF SERVICE
 REGISTERS ALWAYS HAVE A GLITCH AND REQUIRE SOMEONE TO COME OVER
 AND ASSIST IN SOME FUNCTION OR ANOTHER EVERYONE IS ANGRY AND
 RUNNING LATE AND THEN THEY GET IN THEIR CAR
 STATE IN TRAFFIC AND ON TO THEIR JOBS JUST ST

X 100,000

Integrating with Analysis

Integrating TA with Quantitative Analysis

Advantages:

- Ability to examine statistical relationships between topics without additional steps in the survey process
- Flexibility
- Moves TA beyond descriptive categories

Logistic Regression Example

Numeric Data Source

Product Appearance
Product Freshness
Product Quality
Employee Friendliness
Product Availability
Store Cleanliness
Checkout Experience

Text Data Source

0 – Do Not
Mention

Love Kroger Topic

Love Kroger Topic

1 - Mention

Integrating TA into Qualitative analysis

Replacing the first few steps of qualitative analysis

- Supporting and automating theming and clustering in qualitative analysis
- Developing a coding schema

Topics as a starting point for interview guide

First step of instrument creation process

- Text analysis → questionnaire development → cognitive interview → quantitative testing

Search terms to identify needs and trends

What we want you to take away

1. There are **approachable solutions** to customer comments/large amounts of text data
2. Topic Modeling allows us to capture **specific ideas from a large volume** of comments
3. Topic Modeling **interpretation is scalable** within an organization with limited technical or coding resource
4. **Consider new tools** that enhance the analysis you already do

THANK YOU
