

**YOUR TOTAL OUTDOOR SOLUTION**  
**Residential Maintenance Division**

 **LawnElements**

# “Lawn Elements brings quality of life home!”

Your landscaping can play an important role in the enjoyment of your home. The **Lawn Elements** professional team offers expert service for your property, helping you maintain the value of your outdoor home while allowing you to enjoy your time more freely.

Leave the work to us! With **Lawn Elements**, your home is your haven. Relax and enjoy your quality time worry free. **Lawn Elements** offers reliable, seamless care for your landscape. We proactively monitor your home and take action to ensure the enduring beauty of it's surroundings.

**Lawn Elements** services all residential homes, from large estates and multi-family complexes to the single-family home. Our team is on your property every week, maintaining, enhancing and recommending additions that add value and preserve your property.

Your complete satisfaction is what secures our reputation as the very best in lawn care maintenance available in your neighborhood! At **Lawn Elements**, we earn our reputation everyday by providing our clientele with a superior product and a service through our seamless, proactive approach.

# “Lawn Elements -- maintaining your outdoor lifestyle!”

## **Irrigation**

Irrigation is a vital component to the health and aesthetics of your living property. The Lawn Elements team ensures that all systems are working efficiently, they are adjusted for weather changes, and that they are in proper working order for conservation and cost efficiency. We offer seasonal turn on/turn off service, including winterization.

## **Spring and Fall Clean Ups**

Both before and after the season, your property needs preparation. In the late fall, leaf removal, tree branch trimming, and readying plants for the dormant season takes place. In the spring, debris removal, and preparation of the ground and garden beds for warmer weather begin.

Lawn Elements exercises the utmost caution in servicing your home, including care with equipment, chemical treatments, and our overall labor process. Outdoor beauty and enjoyment are second only to the safety of your family and pets!

Lawn Elements customizes your maintenance plan with your landscape, garden and budgetary needs in mind. Reliable, responsible and reasonable, the Lawn Elements team is your year round outdoor answer!

# “The **Lawn Elements** services your individual outdoor needs!”

Lawn Elements offers customized maintenance plans. From services packages and single service options to all-inclusive plans -- whatever your need -- we ensure that the outcome of your landscape is to your complete satisfaction.

The following services are available:

## **Lawn Elements Ground Services**

Scheduled weekly maintenance services for your entire property including mowing of all designated grass areas and edging and trimming of all grass areas adjacent to curbs, drive and walkway, and cleaning up of all debris.

Ground Services may include:

- Shrub Bed Maintenance: cultivation of flowerbeds, weeding, cleaning and edging.
- Pruning seasonal pruning of all shrubs.
- Debris Removal: broken limbs, twigs, etc.
- Slit Seeding building density through seeding to ensure lush turf.
- Lawn Aeration strengthening the roots and loosening the soil for the health of your lawn.

## **Seasonal Color**

Your landscape is alive with color when you include seasonal plantings in your lawn care program. From early spring blooms to late summer vibrancy, **Lawn Elements** helps you welcome the changes of season with living elegance.

## **Complete Fertilization Programs**

Lawn Elements fertilization programs are designed for lush, healthy turf, weed control and worry-free maintenance. Scheduled with the seasons are our application of control agents for weeds, crabgrass, insects and fungus, and lime application prior to the dormant season. Disease inspection and control is provided, and preventative insecticide applications are also offered.
