

TSA 3rd Party Canine Cargo Screening

SOC Canine Services has successfully supplied over 550 Canine teams globally, in the protection of personnel, facilities, and assets. Our unique capacity to rapidly deliver top quality dogs in active and dynamic environments has been proven on over 54 contracts.

Our proven ability to deliver successful Canine Services worldwide begins with our “Dog First” Philosophy. This philosophy is a true life cycle plan from selection, through deployments and into comfortable retirement, our dog’s wellbeing is our highest priority. Each member of the team; dog and handler are carefully selected, and examined for physical fitness, mental acuity, personality and compatibility. Our Canine training can be adopted to support customers in any environment worldwide.

SOC utilizes specialized software and wireless video technology to record, document, and provide in-depth analysis of canine training activity, deployments, and cargo screening operations in compliance with TSA’s regulatory standards.

As a leader in the canine industry, SOC has set the highest standard with stringent operating procedures for canine operations, including: Canine Management & Record Keeping, Transportation & Mobile or Travel Housing, Healthcare & Husbandry Standards, Population Management, Housing Standards & Operations, Trauma Management & Emergency First Aid, Emergency Response Planning, Canine Training, Physical Conditioning Programs, Transitioning and Retirement. These sections can be modified or deleted as required by the client.

SOC maintains the ability, agility and capacity to meet current and evolving security needs globally.
