

ZEECO PRODUCTS

North American Shale Market

BURNERS | FLARES | THERMAL OXIDIZERS | VAPOR CONTROL | RENTALS | AFTERMARKET

Flares

Wellsite, Gathering, Pumping & Compression, & Gas Processing Applications

- Unassisted/Utility
- Air Assisted
- Gas Assisted
- Sonic (Fixed or Variable Area)
- Enclosed
- Multipoint Ground
- Retractable Pilot and/or Components
- API 537 Certified Pilots
- High Energy Ignition and/or FFG Ignition System

Combustion Rentals

- Vapor Combustors
- Enclosed Flares
- Thermal Oxidizers
- Hot Shot Delivery/Set Up/Training
- Elevated Flares 10' to 300' in Height
- Trailer or Skid Mounted
- 24 Hour Equipment Monitoring

Vapor Combustors

Truck, Rail, & Tank Farm Applications

- Fully Automated Options
- Engineered or Standard Designs
- Temperature Controlled

Thermal Oxidizers

Amine, Glycol Dehydration, & Compression Applications (Acid Gas/BTEX)

- Ultra-Low NOx Burner Designs
- Packaged Thermal Oxidizers
- Up to 99.999% DRE
- NFPA 86 Compliance
- Completely Skid Mounted
- Engineered Pilots
- BMS Controls & Instrumentation
- Fuel Gas Skids

Burners

Hot Oil & Regeneration Gas Heater Applications

- Standard Burner Sizes
- Engineered Pilots
- Burner Management Systems

Scanners & Monitors

- ProFlame™ - Flame Verification Scanner
- VerifEye™ - Fiber Optic Pilot Monitor
- Contour™ - Smokeless Flare Control Device
- FlareGuardian™ - Combustion Efficiency Monitor

Aftermarket Products

- Flare Tip Replacements
- Flare Pilots - Maintenance Solutions
- Controls & Ignition Systems
- Retrofit Burners
- Replacement Parts & Components for Most Major Combustion Companies
- Environmental Compliance Solutions

Ancillary Equipment

- Detonation & Deflagration Arrestors
- Knockout Drums
- Vent Stacks
- Solar Energy-Powered Control Systems

Service & Support

- Local Parts & Service in Every Major US Shale Play
- 24/7 Troubleshooting
- Preventative Maintenance
- Installation & Commissioning
- Aerial Inspections
- Turnkey Combustion Equipment Installation
- In-Field Training
