

# PERFORMIVE REMOTE WORKFORCE ENABLEMENT

At Performive, we empower IT teams to securely enable their remote workforce anywhere across the globe. Our Virtual Desktop Infrastructure (VDI) and Desktop as a Service (DaaS) solutions are backed by decades of VMware expertise, hundreds of certifications and our award-winning Devoted Managed Support.

## BENEFITS OF PERFORMIVE VDI & DAAS:

- Hosted on a VMware cloud environment
- Custom standard desktop image that meets your business objectives and requirements
- Easily add devices and employees by cloning your standard desktop image within a single management portal
- Platform agnostic
- Compatible with any device
- Supports any UCaaS integration, Microsoft O365 & additional applications
