
REACH Substances of Very High Concern (SVHC) List 197

Exertherm Ltd and Exertherm Inc (Exertherm) - Statement on EU REACH Directive (No. 1907/2006)

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

Products manufactured for and sold by Exertherm do not contain any of the listed SVHC in amounts greater than 0.1% as is defined REACH Article 57, Annex XIV, Directive 67/548/EEC. Exertherm manages the requirement for compliance reporting for all purchased materials/components from our suppliers through Quality Provisions that are a part of our standard vendor approval process.

This statement is to confirm that the products sold by Exertherm meet the requirement of the Substances of Very High Concern (SVHC) specified in the table of 197 substances from REACH regulation announced by EU effective January 15, 2019.

Exertherm will only use substitutes and alternatives that do not compromise product quality or safety. In addition, Exertherm has been working with our supply chain partners to ensure every aspect of our business accommodates these new requirements.

Please be aware that we cannot give any information about the products, we always rely on the data from the manufacturer. Exertherm are not in the position to give legally binding information, the information you receive from Exertherm is what the supplier has provided to us.

Since we are taking all efforts to gather the information on RoHS, we are not responsible for missing information. Therefore, we will assume no liability for financial losses (indemnity, loss of profit) or civil penalties caused by official ruling.

If you have any questions on this directive, or need further details, please contact the sales office on sales@Exertherm.com
