

WORKWELL COURSE CREDENTIALING FAQ

WorkWell has received approval for continuing education credit for most of our in-person and online courses through the Michigan APTA (American Physical Therapy Association), AOTA (American Occupational Therapy Association) and BOC (Board of Certification for the Athletic Trainer AP# :P688). To help answer questions providers may have regarding credentialing, we have compiled a list of helpful information and frequently asked questions.

Continuing education approval from these agencies indicates that WorkWell courses and continuing education policies and processes have been thoroughly reviewed and meet high quality standards which reflect evidence-based practice and support professional development for PTs, OTs and Athletic Trainers.

Frequently Asked Questions (FAQ)

How will I know how many CEUs are approved for each WorkWell course? In addition to the table above, the CEU value and total contact hours will be included on your certificate of completion for each course you complete. Contact us at provider@workwellpc.com if you need assistance.

How does Michigan APTA approval help me if I am a PT that doesn't live in Michigan? Many state boards will accept relevant coursework approved by an APTA chapter in a different state. Please check with your individual state board to verify requirements for your state.

What if my state does not accept courses approved by an APTA chapter in a different state? Some states will allow you to submit courses for continuing education approval in your own state. Submission requirements and fees will vary by state. You may submit your certificate of course completion to your individual state board for approval, if needed. In some cases, individual state boards will require additional information. Once you find out what information is required, please contact provider@workwellpc.com with your request for information and we will be happy to provide you with the requested information.

AOTA: WorkWell has been granted status as an AOTA Approved Provider for Continuing Education. As an AOTA approved provider, WorkWell has been authorized to assign continuing education units (CEUs) for in-person and online training programs deemed relevant to Occupational Therapy practitioners. For courses offered in 2021 and later, WorkWell submits to AOTA for pre-approval of courses and CEU assignment.

Many states recognize AOTA Approved Providers, either in regulatory language or by formal written communication to AOTA. The list of states, as of March 2025, is below. Please check the [AOTA website](#) for the most up to date list:

Alabama	Georgia*	Minnesota	North Carolina	South Dakota
Alaska	Illinois	Mississippi*	North Dakota	Tennessee*
Arizona*	Indiana	Missouri	Ohio	Texas
Arkansas	Kentucky	Montana	Oregon	Vermont
California	Louisiana*	Nevada	Oklahoma	Virginia
Delaware	Maryland	New Hampshire	Pennsylvania	Wisconsin***
District of Columbia	Massachusetts	New Mexico	Rhode Island	
Florida*	Michigan**	New York	South Carolina*	

* Please see [CE Broker](#)

WORKWELL COURSE CREDENTIALING FAQ

What if my state is not listed above for AOTA approval? For states not listed above, please check with the individual state board for specific continuing competency requirements. Many state boards will accept relevant coursework approved by other health professions or organizations.

BOC (Board of Certification for the Athletic Trainer): WorkWell has been granted status as a BOC approved provider for continuing education (BOC AP#: P688). As a BOC approved provider, WorkWell is authorized to assign continuing education units (CEUs) for in-person and online (live and on-demand) training programs deemed relevant to Athletic Trainers.
