

COUNCIL TAX ENERGY REBATE SCHEME 2022

Do you have the resource available to manage the process of paying out tens of thousands of £150 rebate payments?

Even with partial automation of the process, given the volume of cases, any manual intervention required will be a major drain on your resources. Customers will expect their rebate quickly, so the pressure is on to deliver in a very short timescale.

That's why Govtech is providing a fully automated end to end service – from application, through verification, to payment.
