## Medicaid's Data Gets an Internet-Era Makeover

By STEVE LOHR JAN. 9, 2017     

Jini Kim, a Nuna founder, at work with her autistic brother, Kimong, a Medicaid recipient whom she cares for with their parents. Jason Henry for The New York Times

# Nuna's Business Lines

## Government Agencies

We help federal and state governments get the best value for scarce public resources.

### *Our Solutions:*

- Data Platform
- Dashboards
- Cost-Scoring Engine

## Self-Insured Employers

We shorten the distance between data and actionable insight for self-insured employers.

### *Our Solutions:*

- Data Platform
- Analytics Platform
- Custom Predictive Analytics

## Insurers and At-Risk Providers

We equip insurers and at-risk providers with tools to power the next-generation of risk-bearing networks.

### *Our Solutions:*

- Analytics Platform
- Patient-PCP Matching
- Network Curation
- Specialist Referrals
