

Vim works with **healthplans**.

We **optimize** existing networks and
improve the **employee experience**
for self funded employers

We get patients to
the right providers

We get providers to do
the right things

Vim optimizes the **value of existing** networks

Proactive Engagement

We enable provider and
member engagement at the
'moment of intent'

Network integration

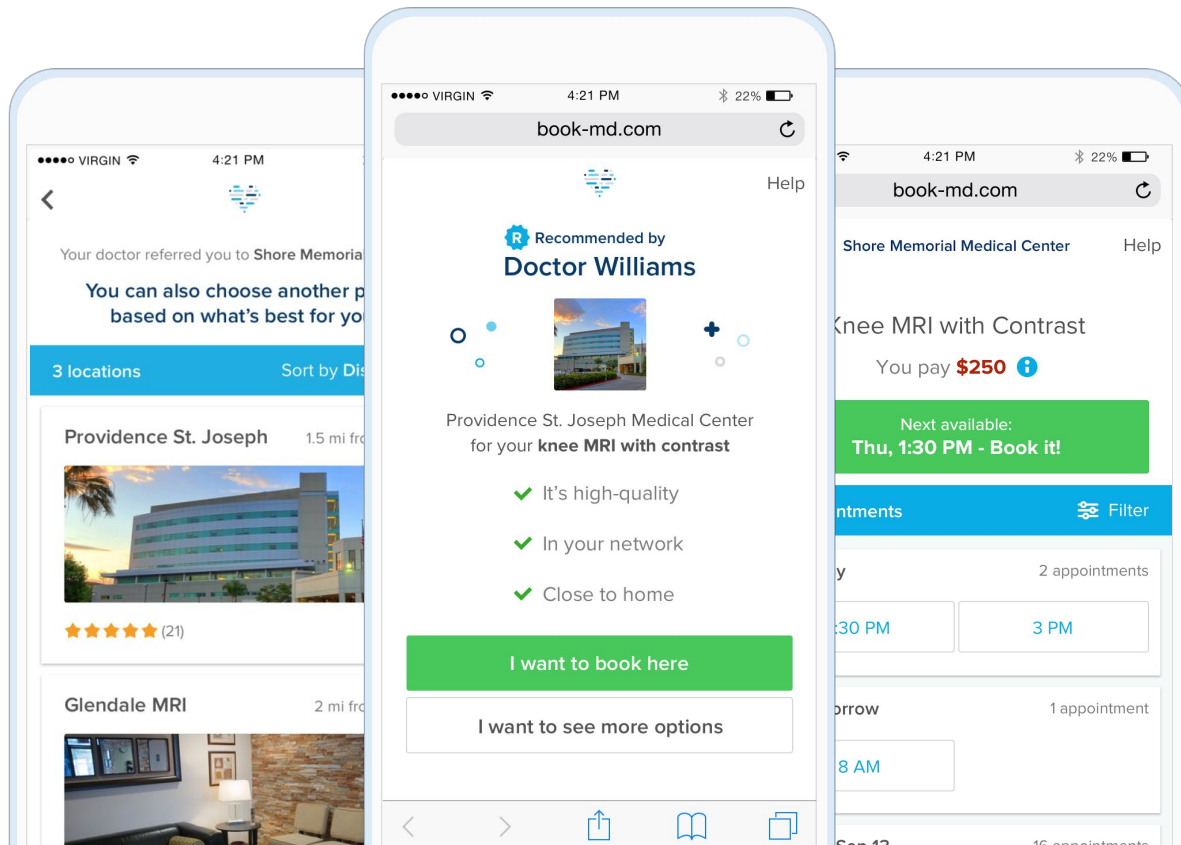

We rapidly integrate with
providers to enable
seamless patient access

Closing the care loop

We monitor referrals and
close the loop with
patients and providers

A differentiated approach focused on **behavioral change**

A healthcare marketplace with

- High-value providers
- Scheduling
- Closed loop referrals
- Doctor recommendations

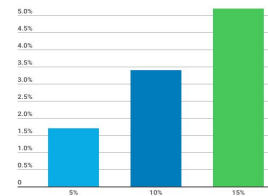

Our **healthcare marketplace platform** connects patients with high-value providers
