R700 Sawbench

The R700 Sawbench takes its place at the top of the range of sawbenches, with an incredible ability to handle sawing through logs with ease. The moving table feeds the logs into the saw making the operation safe and less effort is needed to power through your workload.

The Sawbench also has the option for a 4 metre elevator attachment and a 10 tonne woodsplitter. Taking this sawbench to the next level. Get everything you need in one package – cut, split & move!!
