VOUCHER SCHEME**

## **Beneficiary Terms and Conditions**

### **Gigabit Broadband Voucher Scheme**

10 September 2019

Version 5.1

## Terms and Conditions

These terms and conditions (including Schedules 1 and 2) apply to **Gigabit Broadband Vouchers** offered to beneficiaries under the Gigabit Broadband Voucher Scheme (the **Scheme**). In these terms "we" and "us" refers to the Department for Digital, Culture, Media and Sport (**DCMS**) and "you" refers to the relevant SME or residential beneficiary (where applicable).

This version of these terms and conditions is effective from the date specified on the cover page of these terms and conditions. You are bound by the version of these terms and conditions that are in force on the date that your supplier requests a voucher on your behalf.

You will be notified whether your voucher is a **Rural Voucher** (as defined in Schedule 1) or qualifies for **additional funding**. If this is the case, then other terms conditions will apply as highlighted below and as set out in Schedules 1 and 2.

### 1. About my connection

- 1.1 In order to qualify for a voucher grant, you must take a **new** broadband connection which meets the Scheme rules agreed to by your supplier and which are available from <https://gigabitvoucher.culture.gov.uk>. In addition, it must at least double your current broadband speed – for further details please see paragraph 4 below.
- 1.2 The contract for service that you enter into with your chosen supplier must be for a minimum of 12 months, with no free periods.
- 1.3 If you are a SME which operates from multiple locations you may use a voucher to support the cost of more than one connection up to the Scheme's maximum applicable voucher value. Vouchers may **only** be used for eligible connections at premises from which you actively trade or (in the case of residential beneficiaries) reside. This may be your registered office and/or trading address(es) in the case of SME beneficiaries.
- 1.4 Where multiple businesses operate from the same **shared** premise, we reserve the right to limit the number of voucher beneficiaries in the premise.
- 1.5 We reserve the right to stop issuing vouchers at any time before 31 March 2021 (when the Scheme will end).
- 1.6 When you agree to take a new connection from your supplier supported by a voucher, your supplier must send us a request for a voucher on your behalf using the online portal provided by the Scheme. You must agree within 28 days by responding to an email we will-send to the email address you provide to your supplier. If you do not give your agreement within this time your supplier's request for a voucher on your behalf may be cancelled.
- 1.7 Your new connection must be installed within 12 months of the issue of a voucher. If your supplier is not able to deliver your new connection by this date then the voucher will expire and the grant will be no longer be available. We accept no liability for the costs of connections which are not delivered within 12 months of the offer of a voucher.
- 1.8 The contract for service you have accepted with your chosen supplier is in no way affected by the offer of a voucher or its issue or non-issue in accordance with these terms and conditions.

1.9 Residents may only participate in the Scheme and benefit from vouchers where they are part of projects agreed by us. For the purpose of the Scheme "**resident**" means a beneficiary in the UK who is not an enterprise.

## 2. **About payment of my voucher**

2.1 Payment for vouchers will be made directly to your supplier, not to you or your business/organisation. Your supplier will notify us when your connection has been delivered. We will check with you that the connection has been delivered before we pay your supplier. You will be required to make a declaration that the new service has been installed and is performing as expected. If you do not make this declaration, we will not be able to pay your voucher. You must respond to our requests for information within 28 days or your voucher may be cancelled.

2.2 The voucher cannot be used to pay VAT. The voucher cannot be used to support any on-going costs following the installation of your connection. **See Schedule 1 for the treatment of Rural Vouchers.**

2.3 We have agreed with your supplier that the voucher has a maximum value which can be claimed against the eligible installation charges of your connection. The maximum voucher value for an SME is £2,500 and the minimum value is £500. If your installation charges are above £2,500, then you will be liable for paying the difference to the supplier. If the installation cost falls below £500 your connection will not be eligible for voucher support. Where applicable, residential vouchers will have a value of £500. **See Schedules 1 and 2 for the treatment of Rural Vouchers or where additional funding applies.**

2.4 Vouchers are for one-off installation and set-up costs only, as agreed with your supplier. These costs may include installation fees; external infrastructure equipment; excess construction charges and engineering works; and set-up and survey costs. All registered suppliers have signed up to a set of terms and conditions which clearly set out what installation costs are eligible or ineligible under the terms of the Scheme.

2.5 Computer and ICT equipment cannot be claimed for under the Scheme, nor can revenue charges for storage/back-up/application usage such as those made available through cloud services.

2.6 You cannot benefit from a voucher to support the costs of a connection you already have or to replace a connection which is already gigabit capable. Anything you spend before the date of your voucher offer cannot be claimed back.

2.7 The Scheme cannot pay for any cancellation charges incurred either for early termination of an existing contract or for cancellation charges associated with a supplier offer that you choose not to accept.

## 3. **Your responsibilities**

3.1 You are responsible for providing as soon as is practicable all the information reasonably requested by us or the local body for your area concerning the Scheme, including any additional information that may be necessary for the purposes of processing your voucher or deciding on your award amount or your eligibility. If you do not respond to any reasonable request for information within 28 days we may decide to withdraw the offer of a voucher.

- 3.2 You are responsible for checking that you meet the eligibility requirements for the Scheme. You will be asked to self-certify that you meet the SME definition criteria<sup>1</sup> (where applicable) and are eligible to receive funding under the De Minimis Regulation.<sup>2</sup>
- 3.3 If required to do so you must provide evidence of your status as a SME or sole trader. Documentation we will accept includes: VAT registration; Charity Registration: HMRC notification; sole trader UTR number; certification of incorporation (limited companies); business bank account statement issued within the last three months; non-domestic rates reference. Other documentation, such as business-related utility bills, may be acceptable in certain circumstances if combined with other documentation.
- 3.4 Paragraphs 3.2 and 3.3 do not apply where the beneficiary is classified as a "resident".
- 3.5 You agree to provide reasonable information and assistance to support the promotion of the Scheme, including providing information for a case study and taking part in any Scheme evaluation surveys.
4. **Connectivity requirements**
- 4.1 All connections supported by vouchers must fulfil **BOTH** of the following characteristics:
- 4.1.1 be **capable** of delivering broadband connectivity to your premises **at or above 1Gbps upload or download** at the time of delivery of the connection without the need for future hardware upgrades or modification (excluding CPE – it is not mandatory to deploy 1Gbps capable CPE from the outset if this is not required to deliver service); and
- 4.1.2 **deliver** a minimum of 100Mbit/s to your premises. The upgraded broadband service must deliver a "step change" in service which is at least a doubling of speeds compared to the service currently being consumed by you. **See Schedule 1 for the treatment of Rural Vouchers.**
- 4.2 Any existing connection already **capable** of 1Gbps or above in either direction is **NOT** eligible to benefit from a voucher under the Scheme.
- 4.3 In these terms and conditions "**capable**" means capable of delivering 1Gb connectivity using any technology. Speeds are upload or download, not necessarily at the same time. Wireless technologies are only permitted when included as part of an agreed Project Pre-Registered Package and which leads to the deployment of additional full fibre.
- 4.4 In order to be eligible for the Scheme, once the final connection has been made to your premise and you are taking service, the supplier must confirm that the infrastructure supporting their service is capable of delivering 1Gb connectivity to you within 10 working days of a valid retail/wholesale upgrade order (or the minimal timescale which may be
