Our Services

Retained Executive Search

With an **industry leading 93% retention rate**, three years post hire, Bedford's robust executive search process measures candidates' FIT across the dimensions of culture, team, performance and leadership.

Proactive Talent Scouting

Our in-depth, customizable talent scouting reports provide a pragmatic lens into key talent, enabling you to proactively shape your talent management agenda.

Executive & Board Compensation

We provide executives and boards with compensation reviews, design of cash and equity-based incentive compensation design, competitive market studies, and annual industry surveys.

Diversity & Inclusion

Bedford is fully committed to the values and principles of diversity & inclusion. Through our unique talent scouting process, we provide market insight and expertise to help you identify diverse and socially responsible talent who align with your company's culture and core values.

Organizational Strategy*

Our services in Organizational Strategy are grounded in understanding the fundamental principles of organizational design and operating structures in the technology sector. We conduct a comprehensive review of your current model to ensure it supports operational requirements, enables effective talent strategy management, and reflects an optimal company culture.

Leadership Assessment & Development*

Our comprehensive leadership assessments allow you to better understand the current capabilities of each leader, their potential and their areas for continued development, resulting in customized leadership success planning.

Leadership Integration & Virtual Onboarding*

While onboarding virtually is different from an in-person experience, it is just as effective. Leveraging technology, our virtual onboarding programs enable you to establish a leader to their new position and organization, in a personalized way, building a foundation for performance success.
