Prisma[®]

Premium Nylon 6,6 Fiber by Universal Fibers[®]

Prisma[®] from Universal Fibers[®] answers market demand for sustainable solution-dyed high performance nylon 6,6 carpet fiber. And since true sustainability requires complete transparency, Prisma is “third party certified” with GreenCircle[®] certification. Offered in our proprietary 600 denier “building block”, Prisma delivers high bulk / low weight attributes supporting industry objectives for style, performance and light weight carpet. Exacting color requirements are also achieved with a trend setting color palette of 284 solution-dyed colors in multiple levels of luster from Universal Color[®]. available in each of our exclusive finishes for 'ready to tuft' packages. With no limitation to possibilities for creating bespoke combinations and styles, create with Prisma today.

- **100% Solution-dyed high performance nylon-6,6**
- **Built-in permanent stain resistance**
- **Average MR < 1.9**
- **Universal Color[®] considered best-in-class by product designers and A&D professionals**
- **Proprietary 600 denier building block**
- **High bulk/low weight capability**
