

Enhanced Health & Safety Protocols

Goodstone's most important consideration is the health and well-being of our community, and as the COVID-19 situation evolves, we continue to update our policies and procedures with guidance from the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO). We have taken every step possible to ensure your safety, from check-in to check-out, including the addition of rigorous cleaning protocols, increasing the frequency of cleaning, and placing hand sanitizing stations throughout the property.

Steps we are taking for safe daily operations:

HOTEL

- Hand sanitizing stations and face masks available throughout the property
- Only one reservation is accepted per cottage so no communal spaces are shared (exception in French Farm Cottage and Manor House where cottage may be divided by a physical barrier with two separate entrances)
- All staff take and record temperature upon arrival to every shift
- After each stay, we use Dyson air purifiers to capture ultrafine particles from all angles, including pollen, bacteria and pet dander and are certified asthma and allergy friendly by the Asthma and Allergy Foundation of America.
- Touch free self check in is available upon request, wherein your key is sanitized and in the door upon arrival
- Goodstone team will not enter your accommodation after check in (all requested items during stay for housekeeping, etc. brought to door)
- Goodstone Team is masked when interacting with guests and in public spaces
- Pool is open for swimming with a requirement of ten feet of social distance in the pool
- Due to state regulations, spa and hot tub are currently closed

DINING

- Indoor seated dining is available in Bistro and Conservatory dining room
- All seating is socially distanced a minimum of six feet apart
- Reservations and advanced ordering are required via phone
- Goodstone Team is masked when interacting with guests and in public spaces
- All meals for overnight guests offered in dining room, via carry out delivery, or via grab and go option
