

THE BEST OF *Nova Scotia* IN ONE PLACE

Green Industry

The Municipality of Chester's Green Sector is strong and growing rapidly. Anchored by a world class solid waste facility and environmental management centre, green industries can take advantage of these facilities as well as the abundance of adjacent land for development.

Abundance of Land

1
One world class solid waste facility and environmental management centre

34
34 wind turbines at the South Canoe Wind Farm

150
150 acres of development land zoned for heavy industry

90%
We are targeting a 90% landfill diversion rate in a project with Sustane Technologies

54% hold an apprenticeship or post-secondary certificate, diploma or degree

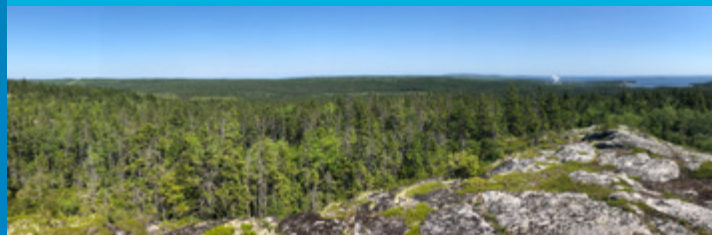

Additional benefit to draw from the City of Halifax's **workforce of 432,000 strong**

40 Minute drive to Canada's University Capital with **10 universities, 13 community college campuses** and **50,000 students**

Opportunities in Forestry

Concentrated forestry sector in the municipality: Increasing demand for wood products from emerging economies, along with the growing need for alternative energy sources—including biomass—are creating new opportunities for companies investing in Canada's forest industry.

Kaizer Meadow Industrial Park

World class solid waste facility and environmental management centre

Access to and potential for reuse of resources, such as landfill gas/methane, biomass, organic waste and construction waste

Eliminate transportation costs by reusing or recycling waste products already being brought to the facility

Municipality of Chester Economic Development

Our dedicated team of Economic Development and Planning professionals will personally work with you to understand your specific needs and make suggestions for potential locations. We offer a tailored solution for your organizations needs, helping you navigate municipal and provincial permits and requirements.
