

IN-HOUSE MANAGEMENT

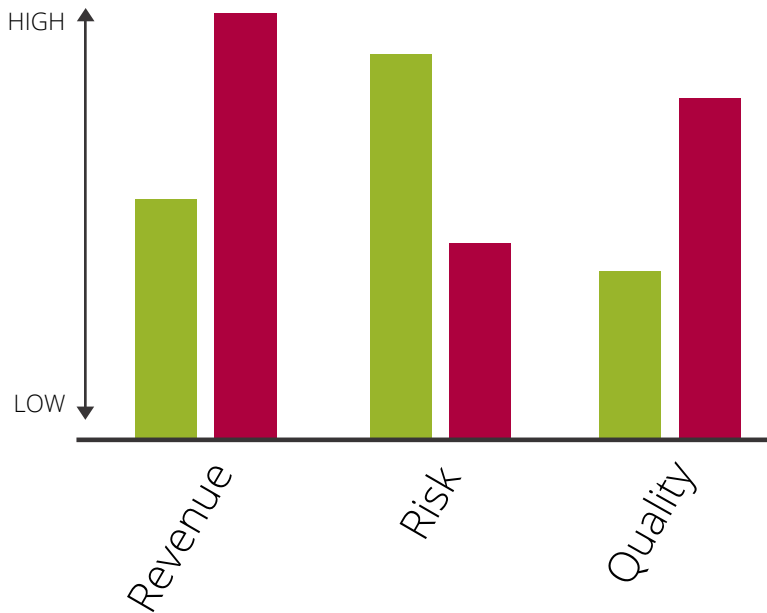

Experienced oversight for your SNF therapy staff

Your therapists plus our expertise results in solid outcomes and excellent patient satisfaction.

Our In-House Therapy Management Program blends the traditional in-house program with the addition of management and oversight by an experienced and knowledgeable service provider. Your therapists remain employees of the facility, but Concept Rehab can manage all components of the program with a joint-accountability model.

■ In-House ■ Management

Management expertise to achieve clinical and financial benchmarks under PDPM

Reporting tools, routine reports and outcome measures to assure excellence

Training programs to develop an expert rehab staff with advanced competencies

Leadership development and strategic planning support for SNF operations

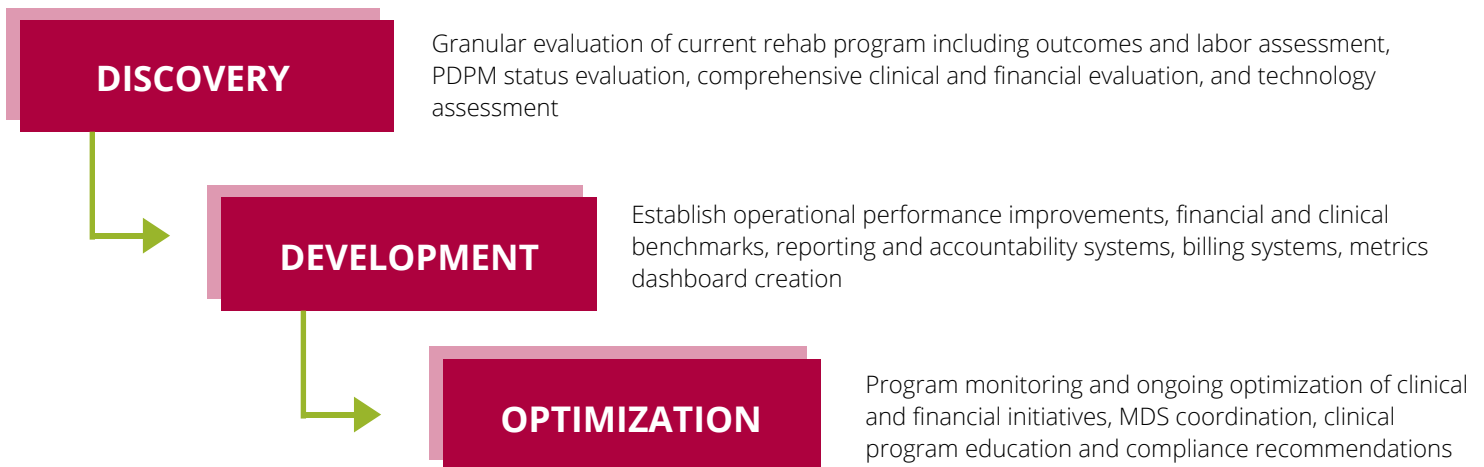

Concept Rehab offers a unique alternative for the delivery and daily operations of therapy services in the SNF setting.

Your therapists plus Concept Rehab's expertise results in strong outcomes and excellent patient satisfaction.
