Collect Worker Vaccination Certificates with 1Breadcrumb

IMPORTANT: New Worker Vaccination Requirements

New requirements for Victorian construction sites stipulate workers must have at least one dose of a COVID-19 vaccination by 11:59pm on Thursday 23rd September.

▶ Request COVID-19 vaccine status at site check-in

Check-in screening questions retrieve vaccination status of workers without manual oversight.

▶ Request proof of 1st dose or fully vaccinated certificate

Collect proof of vaccination through document upload at check-in.

▶ Only request vaccine certificate once per worker

Each worker only needs to upload their proof once to attend any of your sites

▶ Reject non-compliant workers from entering site

Any worker that don't comply won't be allowed onto site.

▶ Monitor and audit all site attendees in real-time

Monitor workers entering site in real-time and undertake spot checks for compliance.
